CORTLAND COUNTY TENTATIVE BUDGET MESSAGE

October 22, 2012

To: Chairman Park  
Honorable members of the County legislature  
Residents of Cortland County

Pursuant to the provisions of Article 7 of County Law, I herewith submit the recommended spending plan for the County of Cortland for 2013. Contained in this budget are those items required by law including:

- ✓ Schedule of Recommended Appropriations & Revenues
- ✓ Statement of Aggregate Amount of Un-Appropriated Fund Balance for: (Appendix A)
  - General Fund
  - County Road Fund
  - County Road Machinery Fund
  - Solid Waste Fund
  - Health Insurance Fund
  - Worker's Compensation Fund
- ✓ Statement of each Reserve Fund (Appendix B)
- ✓ Statement of Outstanding Indebtedness of the County Evidenced by Bonds or Notes (Appendix C)
- ✓ Statement of Exemptions and impacts

The second year of the 2% Property Tax Cap (Chapter 97 of the Law of 2011) we are beginning to see the economic continue a slow but steady return to pre-2009 levels. Not surprisingly, the cost of providing State and federal mandated programs continue to increase faster than the revenues from those same agencies. This translates into diminished local services and increasing property taxes as the State continues to shift the cost of unfunded State mandates on to local property taxpayers. Unfunded State mandates come in many forms, and occur when the State or federal government direct a county to:

- Implement a program or provide service created and defined by the State or federal government,
- Meet an environmental or labor standard,
- Maintain a certain level of financial effort for a particular service, or
- Construct/retrofit/expand a facility (under required state prevailing wage and contracting standards).

A mandate usually requires a county to strictly adhere to rules set by the state, which define the scope, eligibility, frequency of service, amount of benefits, etc. Counties have virtually no ability to control the cost of these state mandates.

Mandates are usually born from good intentions, but once it is realized that a "good intention" may be more expensive than the State can afford on its own, there is often a quick legislative pivot and counties are ordered to help pay for the new or expanded state program.

County leaders believe local revenues should be raised to help finance local services, like programs for the poor and elderly, parks and recreational facilities, public safety, public health services, maintaining local roads and bridges, providing clean drinking water, and promoting economic development and local tourism.

Unfortunately, over many decades, State leaders have required counties in New York to finance and often administer statewide programs. Counties refer to these edicts as "state unfunded mandates."

Today, Counties in New York are required under state law to pay for more than 40 state mandated programs using local tax dollars. In turn, these

legislative mandates can be accompanied by dozens or even hundreds of pages of regulations and rules – all of which can drive local costs higher.

New York State’s Medicaid program bears little resemblance to the program initiated by Governor Rockefeller and the State Legislature in the mid-1960. That program was a simple healthcare safety net built on a platform of county (local) service delivery to provide for the health and welfare of its disabled and poor residents. More than five decades later, Medicaid in New York has grown into the nation’s largest and most expensive state system of public insurance. It now represents one-third of the entire health care economy in New York State.

County officials, who once directed Medicaid resources to meet the needs of their citizens, are now inundated by an avalanche of State and Federal mandates, rules and paperwork – unable to provide any meaningful direction or control. At the same time, the local (county and New York City) contributions to the State’s Medicaid program will have grown from \$112 million in 1966 to more than \$7.5 billion by 2013.

In Cortland County, the net County cost of Medicaid and other social services programs is approximately \$16,368,000 in 2013. Social service programs consume almost half of the entire property tax levy.

Although Cortland County faces the difficult challenge of dramatically increasing costs of State-mandated programs over which it has not control, this Tentative Budget which complies with the 2% property tax cap, reduces the County’s Constitutional Tax limit and utilizes only the minimum amount of un-appropriated fund balances and reserves absolutely necessary.

In 2013, the allowable 2% property tax levy, adjusted for transfers plus exclusions equals \$33,360,615. The recommended property tax levy for 2013 totals \$33,322,121 or \$38,494 less than the allowable 2% property tax cap.

In the current fiscal environment, tax limits are taking on an increasing importance on the ability of local governments to use real property taxes to balance their budgets. As a county advances towards its tax limit, it loses

flexibility in its revenue structure and may not be able to sustain current levels of services provided to its citizens. Even routine costs can pose serious budget difficulties if there is no corresponding growth in non-property tax revenues.

In 2012, the NYS comptroller’s Office identified Cortland County as nearing its constitutional Taxing Limit with 92.4% exhausted. The recommended levy of \$33,322,122 will reduce the County’s Constitutional Tax Limit (CTL) from 92.37% to 91.84% or 0.53%. While a CTL of 91.84% is still consider too high, it begins to reverse the increasing trend and will take a few more years to get to an acceptable limit.

This tentative Budget proposes utilizing a total of \$1,814,470 in various reserve and fund balance accounts as follows:

General Fund:	
DSS Tax Stabilization Fund	\$ 250,000
Retirement Reserve Acct.	\$ 282,100
Un-appropriated Fund Balance	\$ 500,000
DWI Acct.	\$ 30,000
EL Fund (Solid Waste):	
Debt Reserve	\$ 225,000
Retirement Reserve	\$ 3,000
Un-Appropriated Fund Balance	\$ 217,783
E Fund (Road Machinery):	
Un-Appropriated Fund Balance	\$ 279,484
S Fund	
Worker’s Compensation	<u>\$ 27,103</u>
Total	\$1,814,470

A property tax levy of \$33,322,122 represents a 2.77% increase over the 2012 property tax levy and a \$0.41 (2.74%) increase in the average county-wide tax rate from \$14.98 to \$15.39 per thousand dollars of assessed value.

The total recommended Appropriation Plan for all 2013 funds totals \$123,103,417. This represents a slight increase of \$2,614,561 (2.17%) in total spending over the 2012 Adopted Budget (\$120,488,856).

General Fund Appropriations total \$97,739,853 of which \$50,824,299 is State-mandated programs/services and \$46,915,554 is discretionary and/or contractual expense.

General Fund Appropriations increased \$2,455,777 in the 2013 Tentative Budget. State-mandated general fund appropriations account for \$1,085,091 (44%) of the General Fund Appropriations increase.

Overall, 2013 revenues total \$88,333,816; an increase of \$3,126,938 (3.67%) over 2012 (\$85,206,878). Much of the revenue increase is in local dollars (\$1,885,350) compared to an increase of only \$1,241,588 attributed to state and federal dollars. As previously indicated, State-mandated spending exceeded state and federal revenue increases by \$564,493.

As evidenced above, state spending is outpacing state/federal revenues and subsequently placing more financial burden on local taxpayers to cover the increasing costs of state-mandated programs while being forced to reduce funding to local programs and services to comply with the State 2% Property Tax Cap.

Again this year, our Department heads have done a stellar job of holding the line on spending, realigning and reallocating limited resources in order to improve efficiencies. In developing this Tentative Budget, I challenged our Department Heads with hitting a target net county cost figure that I am sure was difficult for all. Many were able to reduce, consolidate and restructure to help achieve the overall goal of complying with the 2% tax cap while maintaining effective service delivery.

The County must continue to exercise sound fiscal and operational planning in budgeting, taxation and the use of fund balance and reserves. Using excessive amounts of fund balance and/or reserves is a short-gap measure to artificially reduce property taxes and the Constitutional Tax Limit.

The County must also seriously consider disposing of any asset that does not further the primary mission of the County to protect and provide for the health safety and welfare of our citizens.

During these fiscal challenging times it is tempting to utilize more fund balance than is absolutely necessary. As such, it is imperative the county continue its current practice of using fund balance only to stabilize taxes and fund one-time capital expenses rather than use finite savings to cover annual operating expenses.

### LOCAL ECONOMIC CONDITIONS

Economic indicators show that the national and local economies are continuing to recover, albeit slower than the increases witnessed in 2011. Consumer spending as evidenced by sales tax revenue is projected to increase again in 2013 but at a modest 3% compared to dramatic increase of over 9% from 2010 to 2011.

Despite several positive economic development announcements in recent months, the unemployment rates in Cortland County (8.7%) lags behind almost 1% above the national average (7.8%) and only slightly less than the State average (8.8%).

The local housing market also shows signs of slow but continued growth in sales of existing homes and in new home construction starts. In 2012, there were approximately 5 new home starts compared to at least a dozen in 2011.

Some economic development highlights this year include a new \$5 million, 64-room Best Western Plus is under construction and will add significantly to the area's tourism infrastructure to support sports tourism industry. A Suit-Kote's recent \$2.5 million acquisition and investment in the former Barden Homes facility in Preble retained more than 215 jobs for the community and will lead to the creation of new employment opportunities. Northeast Transformer Services has announced a move to a larger facility that will retain nearly 50 jobs and the creation of at least 20 new jobs over the next 24 months.

Our top employer, SUNY Cortland, continues to reinvest in its facilities and in the community assuring a continued presence and positive financial impact in our community.

New construction and improvements can have a significant impact on the tax base and the tax levy. Not only does an expanded tax base lower the average tax rate, it also plays a key role in the property tax cap formula. The 2013 tax base growth factor (1.0085) for Cortland County, as established by NYS Real Property, was the third highest in the State.

One segment of our local economy that has not yet benefitted from the gradual upswing in the economy is those individuals dependent upon public financial assistance.

The monthly average number of caseloads in the Safety Net Program increased 14% between 2010 and the first half of 2012. The average cost per Safety Net client is up about \$27 per case over last year. The average number of people included in a case continues to decline (1.56/2006, 1.58/2007, 1.41/2008, 1.39/2009, 1.43/2010 and 1.41/2011). This indicates that a higher percentage of cases are for single individuals than in the past. The caseload appears to be due to more single individuals being eligible and not due to an increase in families timing out of TANF (Family Assistance). The state reduced their share of Safety Net costs from 50% to 29% in 2011-12 State Budget and this is continued in the 2012-13 State Fiscal Year. The 2013 Tentative Budget proposes a \$103,860 increase in this program over the 2012 adopted budget.

PUBLIC ASSISTANCE CASELOADS		
Year	TANF	Safety Net
2005	229	157
2006	233	161
2007	223	172
2008	224	162
2009	259	194
2010	244	202
2011	250	225
June 2012	244	231

The monthly caseload average for Temporary Assistance to Needy Families (TANF) Program has remained flat between 2010 and the first half of 2012. Emergency payment expenditures are about even with last year although housing emergencies are up while utility emergencies are down. In July 2012 there was a 5% increase in Temporary Assistance grant amounts.

### SPENDING GROWTH

TOTAL APPROPRIATIONS	2012	2013	Change
Mandated Services with No Control	\$ 28,841,180	\$ 28,586,539	-\$ 254,641
Mandated w/Some Control	\$ 20,898,028	\$ 22,237,760	\$ 1,339,732
Discretionary, Contractual, Tax Levy	\$ 45,544,868	\$ 46,915,554	\$ 1,370,686
Total	\$ 95,284,076	\$ 95,284,076	\$ 2,455,777

The major cost drivers continue to be state services and other permanent costs due which vary year to year. Permanent costs include salaries, employee health care insurance benefits and other fringe benefits that rise and fall with economic circumstances.

The Total Appropriations Table clearly shows that local spending is well under control. Conversely, the Table also shows that State spending continues to accelerate at an alarming and unsustainable rate. If State spending continues at this rate, and without substantial mandate relief, the County will be forced to dismantle vital local programs to cover the increased cost in State programs and simply become a collection agent for New York State.

### TWO PERCENT PROPERTY TAX CAP

The property tax cap law establishes a limit on the annual growth of property taxes levied by local governments and school districts to two percent or the rate of inflation, whichever is less.

The tax cap applies to all independent school districts and all local governments outside New York City. The tax levy cannot exceed the cap unless 60 percent of the governing body approves of such increase. The cap applies to local fiscal years beginning in 2012. There are limited, narrow exclusions to the cap, including certain costs of significant judgments arising out of tort actions and unusually large year-to-year increases in pension contribution rates.

The Tax Cap calculation for Cortland County is as follows:  
 Base formula + transfer functions + Exclusions = Tax Levy Limit

The 2013 Allowable Tax Cap Levy = \$33,360,615. As stated previously, this Tentative Budget proposes a tax levy increase of \$33,322,121 or \$38,494 less than allowable 2% tax cap levy limit. However, it is critical that we lower the County's Constitutional Tax Limit (CTL) currently at 92.37%. The Tentative Budget as proposed will reduce the CTL from 92.37% to 91.84%. Although I am not advocating utilizing more reserves or fund balances, each additional \$100,000 of reserves and/or fund balance would lower the CTL approximately .03%.

*STATE MANDATES*

It should not be a surprise to anyone why New York consistently ranks near or at the top of highest property tax states in the country. This enormous burden is the direct result of decisions made in the State Capital that require local property tax payers to support the two most expensive programs in the State –Medicaid and K-12 School Aid. For County property taxpayers, Medicaid, welfare, child protection, preschool education, and a variety of public safety programs the State requires counties to operate and pay for ends up consuming more than 90 percent of the county property tax statewide (outside New York City).

Cortland County, like all New York counties is responsible for providing health and family service programs that are strictly mandated by both state and federal governments. In New York State, most of these mandates are not accompanied by State money to pay for them or are only partially paid for.

Because County government relies on primarily on property taxes to operate, expensive State mandates become expensive property taxes on local taxpayers. Simply put, property taxes will continue to rise as long as the State continues to shift its financial responsibilities to local governments and taxpayers.

Nine state-mandated programs consume 90 percent of the property tax levy for county taxpayers in New York State: (Medicaid, public assistance, child welfare, preschool special education, early intervention services, indigent defense, probation, youth detention and pensions). Medicaid is by far the most expensive mandate facing county governments in New York State.

STATE MANDATED PROPERTY TAXES	2013 Costs	2013 Revenues	Net Local County Cost
District Attorney Salary	\$ 1,040,055	\$ 251,551	\$ 788,504
Public Defender*	\$ 1,074,251	\$ 50,674	\$ 1,023,577
Corrections	\$ 4,412,384	\$ 5,000	\$ 4,407,384
Payment to Other Colleges	\$ 325,000	\$ 0	\$ 325,000
Early Intervention	\$ 1,313,723	\$ 585,466	\$ 728,257
Pre-K Handicapped Education	\$ 2,366,676	\$ 1,586,672	\$ 780,004
DSS Administration	\$ 9,103,607	\$ 6,327,065	\$ 2,776,542
DSS Entitlements & Programs	\$ 24,581,140	\$10,989,067	\$13,592,073
Pensions	\$ 5,050,409	\$ 0	\$ 5,050,409
*Assigned Counsel	\$48,942,245	\$ 19,795,495	\$29,146,750

In Cortland County, the cost of the above mentioned State-mandated programs is over 87% of the proposed \$33,322,121 property tax levy. In other words, \$0.87 cents of every property tax dollar generated in Cortland County goes to state mandated programs. Furthermore, over 62% of the property tax levy plus the County share (\$13,420,622) of the 2013 estimated sales tax goes to cover the cost of mandated programs. County Officials are powerless to affect the overwhelming majority of local budgetary spending.

**COUNTY WORKFORCE**

The 2013 Tentative Budget eliminates a total of (12) position through reductions in hours and departmental reorganizations. There will be no lay-offs. The County has 114 fewer employees than six years ago with increased regulatory and reporting requirements. As evidenced in this year's budget, a reduction in the number of employees has a direct correlation to a reduction in local services.

This Tentative Budget also provides for two (2) new Deputy Sheriff positions to address increasing crime in the County.

Staffing Levels							
	Sheriff & Jail	DSS	Aging	Highway	Health	All Others	Total
2007	147	127	57	81	138	222	772
2008	147	134	57	81	130	223	772
2009	147	135	57	81	125	220	765
2010	144	132	51	77	114	198	716
2011	146	132	51	76	94	196	695
2012	143	131	51	73	75	195	670
2013	145	131	53	72	68	188	658

**PAYROLL**

Payroll is projected to increase approximately \$382,237 in 2013. Three of the five collective bargaining units in the county that settled four-year contracts in 2011 will receive a 1.5% salary increase in 2013. Undoubtedly, the agreement to a 1.5% salary increase helped us avoid a much larger number of layoffs in 2013.

PAYROLL	
2007	\$ 23,069,329
2008	\$ 21,540,859
2009	\$ 25,896,261
2010	\$ 24,108,968
2011	\$ 25,303,212

2012	\$ 25,482,488
2013*	\$ 25,864,725
* Budgeted	

**FISCAL CONDITIONS**

Presently, the County is in a relatively solid financial position however, without significant mandate relief the 2% property tax cap will force the County to dismantle vital local programs to our senior and youth population to cover the increasing cost of Medicaid and welfare mandates.

**GENERAL FUND BALANCE**

The General Fund Balance is estimated to be \$7,000,000 at the end of FY 2012. In FY 2012, the County utilized \$2,823,328 from various fund balances and retirement reserve accounts to stabilize the 2012 tax rate. This 2013 Budget proposes utilizing a total of \$1,814,470 (\$1,274,370 in general fund balances; \$540,100 in retirement reserves) for tax stabilization in 2013.

Year	Un-Reserved	Amount Used	
	General	For Tax	For Capital
	Fund Balance	Stabilization	Projects
2007	\$ 10,251,124	\$ 3,924,617	
2008	\$ 12,623,278	\$ 3,221,268	\$ -
2009	\$ 8,399,056	\$ -	\$ -
2010	\$ 8,873,727	\$ 1,580,000	\$ -
2011	\$ 9,900,726	\$ 1,220,099	\$ -
2012	\$ 7,000,000	\$ 1,274,370	\$ -

**REAL PROPERTY TAX BASE**

Cortland County's tax base experienced impressive growth in 2011 which appears to be continuing in 2012. Several planned and ongoing construction projects throughout the County, both residential and commercial, have expanded the tax base which resulted in a significant quantity change and boosted the tax base growth factor used in calculating the tax levy limit.

The most desirable strategy is to have your tax rate remain constant and capture larger revenue from new construction occurring in the County. New construction expands the tax base and thereby distributing the tax burden. On the other hand, a decrease in taxable value from the economic downturn contracts the tax base and thereby increasing the burden on existing property owners.

The following Table depicts the history of the equalized and taxable value tax base in the county. New construction and revaluation figures are not readily available from local assessors making it impossible to determine how much of the increase in tax levy results in declining values.

Property Tax Base History 2001 – 2011		
	Equalized	Taxable
	Value	Value
2007	\$ 1,884,131,593	\$ 1,669,245,221
2008	\$ 2,047,707,146	\$ 1,731,043,184
2009	\$ 2,248,448,947	\$ 1,898,114,866
2010	\$ 2,280,723,188	\$ 1,946,440,570
2011	\$ 2,282,202,565	\$ 2,016,768,909
2012	\$ 2,303,800,397	\$ 2,164,903,658
2013*	\$ 2,233,362,367	\$ 2,165,214,075
*Tentative		

As previously mentioned, new construction is desirable to improve your taxing strength without increasing taxes to existing property owners. The

lack of new construction places a larger burden on existing taxpayers to absorb any budgetary increases.

The tax foundation released its annual property tax rating, reconfirming that New York homeowners and businesses continue to pay the highest taxes in the nation. One of the main reasons for this stigma is that the State continues to require county property taxpayers to fund a large portion of the State's health and human services programs.

2013 Property Tax Levy Limit	\$33,322,122
New York State Portion	\$29, 146,750
Cortland County Portion	\$ 4, 175,372

2012 Average Property Tax Rate	\$15.38
State Mandated Purposes	\$13.38
Cortland County Purposes	\$ 2.00

**SALES TAX:**

Sales tax is a major revenue source for Cortland County, second only to property tax. Since 2010, the County, City, Towns and Villages have seen a steady increase in sales tax revenues. In 2012, the City of Cortland and the county agreed to a new sales tax distribution formula that deducts the cost of a bond payment and Motorola lease agreement for the new Emergency Interoperable Communications System which will go live in 2013. The Agreement also provides the County a modest increase in years 2013, 2014, 2015, and 2016.

SALES TAX ANALYSIS 2006 – 2011			
Year	Total	County	T/V
2007	\$ 23,222,526	\$ 13,228,063	\$ 9,994,463
2008	\$ 23,821,978	\$ 12,863,868	\$ 10,958,110
2009	\$ 22,869,476	\$ 11,892,128	\$ 10,977,348
2010	\$ 24,357,846	\$ 12,666,080	\$ 11,691,766
2011*	\$ 24,240,624	\$ 12,605,124	\$ 11,635,500

2011**	\$ 26,432,180	\$ 13,744,733	\$ 12,687,447
2012	\$ 25,988,272	\$ 13,513,901	\$ 12,474,371
2013*-	\$ 26,957,500	\$ 13,436,624	\$ 12,403,038
* Budgeted ** Actual		*- Deduct \$1,148,610	

**DWI REVENUES:**

The DWI Program receives its revenue from the collection of fines from drivers convicted of driving while intoxicated or ability impaired. These funds are also shared with other law enforcement Agencies and partners including Cortland City Police, Cortland County Probation Department and the District Attorneys Office.

DWI PROGRAM REVENUES 2007-2011					
	2008	2009	2010	2011	2012 est.
Revenues	\$174,376	\$150,739	\$193,724	\$160,000	
Expenditures	\$184,679	\$210,591	\$193,724	\$130,000	
New Balance	-\$10,303	-\$59,852	\$0	\$30,000	
Fund Balance	\$122,159	\$62,307	\$62,307	\$119,215	

**STATE & FEDERAL AID:**

The following Table depicts historical trends in State and Federal aid received for operating County programs. For the first time in four years, the County will receive more (\$81,000) State aid than the previous year.

STATE & FEDERAL AID		
	State	Federal
	Aid	Aid
2007		
2008	\$17,114,655	\$7,825,573
2009	\$17,649,073	\$6,958,639
2010	\$17,985,866	\$9,977,284

2011	\$15,688,354	\$9,394,765
2012	\$15,422,006	\$10,300,587
2013	\$16,244,358	\$10,739,823

**OCCUPANCY TAX:**

Occupancy Tax revenue is projected to increase about 3% over last year. This is another positive sign that the local economy and corresponds to the increase in sales tax receipts. A comprehensive tourism promotion program focusing on out-of county markets is necessary to continue generating these funds.

Occupancy tax receipts were strong again this year with the return of the NY Jest Summer training camp and the first year of a five-year agreement hosting NYS Senior games as well as many local festivals and events. The new 64-room Best Western Plus is under construction and should have a positive impact on Occupancy Tax revenues next year.

OCCUP. TAX HISTORY			Fund
Year	Revenue	Expenses	Balance
2007	\$394,270	\$357,400	\$70,375
2008	\$403,217	\$446,686	\$26,906
2009	\$312,375	\$350,000	-\$10,719
2010	\$393,528	\$368,725	\$14,084
2011	\$475,000	\$360,000	
2012	\$350,000	\$350,000	
2013*	\$415,000	\$415,000	
* Budgeted			

## *OTHER ISSUES AND OBJECTIVES*

### *Equipment and Capital Expenditures:*

In the 2010 Budget, \$646,623 was transferred from the Road Machinery (E) Fund to the Road Construction (D) Fund to finance ongoing highway maintenance operations. This tactic “borrowed” machinery funds to finance maintenance operations which reduced the amount of general fund for road maintenance, thereby artificially reducing the tax levy. Adhering to the 2% Tax Cap prohibits increasing the amount of general funds necessary to completely balance the D fund appropriations. However, this Budget does decrease the reliance of E funds by \$100,000 with the transfer of the same amount of general fund (tax levy).

This practice of utilizing the E Fund to temporarily support the D Fund is not appropriate and is not sustainable. Sooner rather than later, the increases in the general fund (tax levy) will be required to appropriately balance D fund appropriations.

### *Solid Waste Fund:*

The Solid Waste Fund within the County Budget comprises three sub-funds: Landfill, Recycling, and Bonds. The 2012 Budget estimates solid waste revenue at \$1,665,000 Landfill and Recycling at \$225,000 for a total revenue of \$1,890,000. This Budget also proposes appropriations of \$1,318,441 and \$275,255 respectively, plus interest payments for the bonds of \$375,097 for total appropriations of \$1,968,793.

A few short years ago, the Solid Waste Fund was moved out of the General Fund and into an Enterprise Fund to comply with generally accepted accounting practices and better understand the short and long liability of these operations. It is now evident that this operation, although intended to be self-sustaining as are all enterprise funds, does not generate enough capital to cover expenses at the legislated tipping fee.

When added to the bond principal payments of both facilities (\$366,990) the operation goes into deficit by \$445,783. In 2012 it was determined that there is approximately \$450,000 left of the \$9,150,000 borrowed in 2008 for the Phase II construction of cell 2. This money is now in a Solid Waste Reserve for Debt account that will be used to help make the principal payments on the bonds in this fund. However, this money will be exhausted by the end of 2014 and then contributions from the general fund will be necessary once again to meet this fund’s financial needs.

As stated last year, the long-term liabilities of closure and post-closure activities are not being adequately funded to cover the long-term liability exposure of approximately \$4.6million.

The County Legislature has formed a sub-committee of the standing Highway Committee to address the ongoing operating and future closure and post-closure activities deficit.

If the sub-committee is not able to make this enterprise self-sustaining the County should seriously consider creating an assessment district as a means for this enterprise to become solvent.

## **CONCLUSION:**

The Challenges facing county government have never been greater. With the loss of federal stimulus funds, combined with the urgency of enacting a property tax cap, State action on mandate relief is critical for Cortland and every other county in New York.

Since the creation of Medicaid in 1966 through the past five decades, these mandates have grown annually, and the costs that have been passed to county property taxpayers have increased unsustainably.

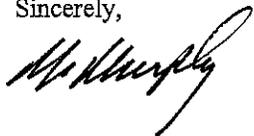

In 2011, nine State mandates consume 90 percent of the county property tax levy statewide. These mandates have been a direct cause of property tax increases over the past five decades. The most costly State mandated program is Medicaid. In 2013, Cortland County property tax payers will spend \$13,592,000 on Medicaid alone.

We must continue to support and insist our State representatives support a new legislative proposal that provides for a multi-year phase out of the county's share of the State's Medicaid program.

**REMARKS:**

I wish to express my thanks to the County Legislature, County Department Heads, and the entire staff and, in particular Carolyn Kennedy, Fiscal Manager, for the cooperation and assistance in the development of the 2013 Tentative Budget.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Murphy", written in a cursive style.

Martin D. Murphy  
*County Administrator / Budget Officer*

## STATEMENT OF RESERVE FUNDS – SOLID WASTE

**1. Equipment Reserve**

This money is allocated from tipping fees to purchase equipment at both the Landfill and the Recycling Center.

Balance as of 01/01/2012	\$325,086
Projected Contributions to Fund during 2012	\$ 70,000
Projected Expenditures from Fund during 2012	\$ -0-
Projected Balance as of 12/31/2012	\$395,086
Projected Contributions to Fund during 2013	\$ 68,000
Amount Reserved for Budget Expenditures 2013	\$290,000
Projected Balance 12/31/2013	\$173,086

**2. Closure Reserve**

These funds are appropriated from tipping fees to pay for future closure and post-closure costs associated with the current landfill cells.

Balance as of 01/01/2012	\$536,758
Projected Contributions to Fund during 2012	\$ 70,000
Projected Expenditures from Fund during 2012	\$ -0-
Projected Balance as of 12/31/2012	\$606,758
Projected Contributions to Fund during 2013	\$ 68,000
Amount Reserved for Budget Expenditures 2013	\$ -0-
Projected Balance 12/31/2013	\$674,758

**3. Reserve for Debt**

This reserve is reported as part of the General Fund Reserve Fund Balance and is dedicated to the repayment of the County's debt service. Contributions to this fund are generally made up of dedicated Capital Project funds remaining unspent at the end of a project and/or interest earned during the year.

Balance as of 01/01/2012	\$ -0-
Projected Contributions to Fund during 2012	\$450,000
Projected Expenditures from Fund during 2012	\$ -0-
Projected Balance as of 12/31/2012	\$450,000
Projected Contributions to Fund during 2013	\$ -0-
Amount Reserved for Budget Expenditures 2013	\$225,000
Projected Balance 12/31/2013	\$225,000

**DEPARTMENT: COUNTY LEGISLATURE**

**DESCRIPTION:**

The Cortland County Legislature is the governing body that establishes policies and procedures for all Cortland County Departments as well as enacting Local Laws and adopting a annual budget to fund all the county departments and other county agencies through contracts.

The Cortland County Legislature is comprised of 19 Legislators who are elected every two years. The Legislature leadership is comprised of the Chairman of the Legislature who is chosen at the organizational meeting and a Majority and Minority Leader who are designated by their respective party caucuses. Legislators attend one session each month and also serve on the eight various standing committees as assigned. Legislators are appointed to serve on sub-committees and Boards. Legislators are also appointed to represent the County on negotiating teams for labor contract negotiations within the County and at Tompkins Cortland Community College.

The County Legislature Department staff consists of the Clerk of the Legislature and an unpaid Deputy Clerk of the Legislature. The Clerk of the Legislature also serves as County Historian, FOIL Officer, Public Information Officer and Records Center Manager.

**PERFORMANCE INDICATORS:**

- The Clerk has taken responsibility for updating the county Legislature's website for agendas and minutes, previously done by the IT department. The Historian AND Legislature's website have been redesigned. A new Facebook page for the Historian's office is updated regularly.
- As of September 2012 more than 30 requests for historic/genealogical information have been received. These came from legislators, local media, and both local and out-of-town researchers. These were processed by telephone, e-mail and regular mail.
- Received proposals and renovated Room 304 with new tables, table skirts and projector
- To date in 2012 more than 40 Freedom of Information Requests have been processed.
- Acting point of contact for Scoping/SEQR project for proposed wind farm.
- Ten public appearances have been made, including to local Rotary Clubs, Literary Clubs, Harford Senior Center and more.

- Scanned and Indexed Newspaper clippings for historian archive.
- More than 600 cubic feet of records has been transferred either to, or from, the Cortland Records Center. This includes both city and county records from every department.
- Provided administration and support over the Cortland County Tobacco Asset Securitization Corporation.
- A comprehensive calendar of events from throughout the County has been maintained on the county's main website.
- More than 128 requests for documents have been filled at the Cortland Records Center.
- Attended and provided minutes for more than 105 meetings.
- Provided assistance to the Cortland County Board of Ethics.
- Scanned and Indexed local laws dating back to 1950s and posted on County website.
- Was awarded AmeriCorps grant for part-time position in Historian Office.
- Worked on Governor's Path Through History initiative to award three interstate highway signs for Cortland County attractions.

**DEPARTMENT: DISTRICT ATTORNEY**

**DESCRIPTION:**

The District Attorney is a state constitutional county officer elected by the county electorate for four-year terms. County Law § 700 et seq., as well as the state Criminal Procedure and Penal Laws, are the basic legislation defining and implementing the powers of this office. Pursuant to County Law § 700, the District Attorney is responsible for the prosecution of all violations of criminal laws occurring within the boundaries of the county. Currently, this includes prosecution in all courts in the county for violations of the Penal Law, Alcohol Beverage Control Law, Agriculture Markets Law, Vehicle and Traffic Law, Tax Law, Environmental Conservation Law, and various other state statutes. Currently, the office delegate's prosecution of municipal ordinances to the town or village attorneys, so long they continue to accept the delegation.

COSTS: Constitutionally and historically, the cost of prosecution has been the sole responsibility of the county, until recently. About twelve years ago, the state began contributing a little more than one-half the cost of the District Attorney's salary, which is mandated by state law to conform to that of county court judges. For the year 2013 the subsidized amount has been increased to \$59,900.00 to support salary increases, mandated by the State, for District Attorney's. Beginning in 2000, the state has given our county an Aid to Prosecution grant to pay part of the salary of an assistant district attorney. Originally, that grant was for about \$50,000, and gradually over time has decreased with state budgetary austerity to under \$30,000 in 2010. The OCFS (CAC Center) grant has increased from \$73,242.00 in 2012 to \$137,450.00 for 2013. From time to time, we will be able to secure other grant funding from the Department of Criminal Justice. We continually look for such grant opportunities.

SPECIFIC DUTIES: The specific duties of the District Attorney and his staff with regard to each category of offense are listed below:

Felonies:

- 1.) provides legal advice and assistance to police officers during the course of their investigations;
- 2.) responds to major crime scenes where appropriate;
- 3.) attends arraignments of defendants in local criminal courts, i.e. in City and Town Courts;
- 4.) makes bail recommendations to local criminal court Judges [at any time of the day or night as needed];
- 5.) conducts felony preliminary hearings in local criminal courts;
- 6.) attends impanelments of Grand Juries by the Cortland County Court;
- 7.) presents cases to the Cortland County Grand Jury;
- 8.) drafts Indictments and Superior Court Informations [accusatory documents];
- 9.) appears in County Court [superior court] with Grand Jury Foreman to report out Indictments;
- 10.) appears in County Court for arraignment of defendants;
- 11.) prepares written answers to defendant's demands for bills of particulars and discovery of evidence;
- 12.) prepares written answers to defendant's pre-trial motions and conducts appropriate legal research on the legal issues raised by the defendant's motions;
- 13.) appears in County Court for oral argument of defendant's pre-trial motions;
- 14.) conducts pre-trial hearings in County Court relating to search and seizures, lineups, confessions and other evidentiary issues;
- 15.) maintains liaison with crime victims and provides statutory notice to victims relating to the progression and disposition of certain criminal cases;
- 16.) prepares witnesses for trial;

- 17.) appears before County Court Judges for pre-trial conferences scheduled by the Court;
- 18.) conducts jury and non-jury trials in County Court;
- 19.) upon conviction, appears in Court at the time of sentencing to make sentencing recommendations to the Court;
- 20.) in the event of an appeal by defendants, conducts legal research on the issues raised by the defendants on appeal and prepares written legal briefs and appendices for submission to the Appellate Division, Third Department, in Albany [New York State's intermediate appellate court];
- 21.) if the defendant seeks permission of the New York Court of Appeals to appeal from a decision of the Appellate Division, prepares a written response to the Court of Appeals opposing the defendant's application for leave to appeal;
- 22.) if leave to appeal to the Court of Appeals is granted, prepares a written brief and appendix for submission to the Court of Appeals;
- 23.) appears personally before the Appellate Court to make oral argument;
- 24.) if the defendant seeks other post-judgment relief under Criminal Procedure Law Article 440 [in the nature of *habeas corpus*, *coram nobis* or motions to set aside a sentence], prepares written responses to the defendant's factual allegations and appropriate Memoranda of Law, and attends and participates in court appearances including hearings as necessary (this area of responsibility has increased significantly in the past several years);
- 25.) if a defendant violates probation, appears in County Court to conduct a probation violation hearing after preparing necessary witnesses for that hearing and, if the Court determines the defendant to be in violation, to make a re-sentencing recommendation;
- 26.) if the defendant has been convicted of a designated sexual abuse offense, conducts a hearing to enable the Judge to determinate the degree of risk presented to the community in accordance with the state Sex Offender Registration Act;
- 27.) if a felon has fled the State of New York and has been apprehended in another State, prepares extradition papers to be sent to the New York State Governor's Office; and
- 28.) if an out-of-state felon has been apprehended here appears in County Court to obtain a Court Order returning the felon to law enforcement officers in the other State.
- 29.) addresses concerns and issues raised by citizens as they relate to the local criminal justice system and/or the District Attorney's Office.
- 30.) administration of EJustice (criminal history database)
- 31.) coordination of Cortland County DNA Collection.
- 32.) custodian for Evidence Retention and Disposal.
- 33.) law enforcement investigations for grand jury or arrest purposes.
- 34.) preparing subpoenas and court orders for information on behalf of all law enforcement in the community.
- 35.) providing information to NYS Dept. of Parole on a regular basis for inmates convicted in our jurisdiction who are parole candidates.

Misdemeanors and Violations:

- 1.) appears regularly in Cortland City Court and all 15 Town Courts throughout the County to prosecute misdemeanor and violation charges filed there by the Cortland City Police Department, SUNY Cortland University Police, the Cortland County Sheriff's Department, the New York State Police, the Police Department of the Villages of McGraw and Homer, the New York State Department of Environmental Conservation, the Cortland County Department of Social Services, and the Cortland County SPCA;
- 2.) prepares written answers to defendant's demands for bills of particulars and demands for discovery of evidence;
- 3.) prepares written answers to defendant's pre-trial motions;

- 4.) appears in Court to give oral argument on defendant's pre-trial motions;
- 5.) appears personally in local criminal court to participate in judicial pre-trial conferences scheduled by the Court;
- 6.) appears in local criminal court to conduct jury and non-jury trials;
- 7.) appears in local criminal courts at the time of sentencing to make sentencing recommendations to the Court;
- 8.) if the defendant appeals to County Court [the intermediate appellate court for appeals arising out of local criminal court proceedings], prepares a legal brief and appears personally in County Court for oral argument;
- 9.) if the defendant seeks to take an appeal to the New York Court of Appeals from a decision of County Court, the District Attorney must respond in the manner described under the heading of Felonies above, steps 21 through 23 inclusive, above.
- 10.) Drafts Prosecutor's Informations when appropriate.
- 11.) Provides legal advice and assistance to police officers during the course of their investigations.

#### Infractions:

Traffic tickets issued by each police agency in Cortland County are prosecuted by the District Attorney's Office. These offenses are the least serious offenses prosecuted by our office, e.g. speeding infractions and the like. However, they are important to the persons ticketed, who frequently seek reductions, to which we try to respond promptly and courteously, which consumes a significant amount of time and resources of our Office.

The volume of tickets is greatest in the local courts of Cortlandville, Homer, Marathon, Preble and Virgil, which are proximate to Interstate Route 81. For example, Cortlandville Town Court has estimated that it handled over 9,000 Vehicle and Traffic tickets in 2008. The amount of time and effort expended by our Assistant District Attorneys and our support staff on Vehicle and Traffic matters is increased also by added laws such as seat belt and cell phone violations, and state mandated enforcement initiatives such as BUNY (Buckle Up New York, an enforcement program which requires law enforcement to conduct concentrated efforts on issuing tickets for motorists not wearing seat belts).

The ticketed motorists then seek reductions from our office, by phone or in writing that demand our immediate or prompt attention. If we fail to address these demands on time, then the courts become clogged. Frequently, the motorist will call our office, and time must be spent, interrupting everything else the staff person is doing, to explain how they may proceed to ask for a reduction. In ever increasing volume, motorists or their attorneys write to the District Attorney's Office to negotiate a plea to a reduced charge in a traffic case. The Assistant District Attorney reviews the tickets along with the Department of Motor Vehicles records of the defendants' past driving record, and if reductions are granted, they must be completed and sent to the defendants or attorneys, and to the Court. We encourage such communication with our office, because we wish to be courteous to ordinary citizens and because it is a much more efficient way to deal with traffic matters than to go to trial, but it all takes time.

When motorists enter pleas of not guilty, the Court schedules those cases for trial. The District Attorney's Office is notified by the Court of the scheduled trial, and our office issues trial subpoenas for the officers or other witnesses involved in the case. Thereafter, an Assistant District Attorney appears for trial.

Appeals from decisions of the local criminal courts in Vehicle and Traffic Law matters are processed in the same way as outlined for misdemeanors and violations above.

Some Crime Statistics: Here are some statistics compiled to show how volumes have fluctuated in the past decade. These numbers reflect only Penal Law cases, felonies, misdemeanors or violations, but do not reflect traffic matters. They readily display the more than doubling of cases handled since the City declined delegation of prosecution of misdemeanors and violations in 2002, as discussed below. These increased case loads vastly increase the amount of clerical work and court appearances required by our support and professional staff.

2013 Budget Statistical Report – District Attorney's Office  
 This report does not include sealed indictments

	2009	2010	2011	2012 Jan-March	2012 April-June	2012 Six Months	2012 July	*2013 Projected Totals

\* 2013 projected figures have been annualized based upon actual figures for the period of time from 1/1/12 to 7/31/12.

THE LINGERING IMPACT ON THE COUNTY CAUSED BY THE TERMINATION OF THE ROLE OF THE CITY PROSECUTOR BY THE CITY OF CORTLAND:

Prior to June 1, 2002 the City of Cortland, through the office of the City Prosecutor, prosecuted all misdemeanor and violations in Cortland City Court. This was done cooperatively by a formal delegation of the authority by the District Attorney, and formal acceptance of that authority by the City, an arrangement which either party could cancel at any time. The City of Cortland unilaterally terminated that practice on June 1, 2002. The result was to shift the expense of the prosecution of such cases from the City to the County, thereby doubling the total number of case files opened annually by the District Attorney's Office. The County Legislature authorized and funded an additional full-time Assistant District Attorney's position to handle the newly imposed caseload, the cut that position in fiscal year 2004, the reinstated it.

There has been a tremendous increase in work-processing and clerical work, as well as court appearances, caused by the huge volume of City cases. The workload continues to overwhelm our present support staff, and keeps two full time Assistant District Attorneys very busy. The added work and expenses are particularly troublesome in the following areas:

1. Opening and Closing Case Files: From 2003 to the present, as a result of our no longer being able to delegate City Court prosecutions, the number of case files which the staff must open both physically and in the computer system have increased almost 2-1/2 times. The situation increases pressure on our support staff, on our attorneys, and on our supply accounts, with the obvious escalation of the cost of purchasing files and other office supplies. By judicious use of interns and overtime, we

have made headway in closing the huge backlog of files we inherited that had been resolved in court but not in our computerized case management system, but we are still behind.

2. Telephone Services/Postal Expenses: Our current level of cases requires a substantial amount of time to answer and return telephone calls from court personnel, defendants, police officers and defense attorneys. This obviously affects the cost of telephone services. Many of these calls require confirmatory correspondences, which affects the cost of postage. We will continue with the fund allocated in the telephone account, and will try to get by with the present postage account by utilizing fax and email and reducing the instances of fax and hardcopy. We are continuing to work toward an automated initial telephone response message with menus and voicemail, to reduce the time spent on the telephone by support staff and attorneys.

3. Publications: To competently prosecute cases, we must be well-versed in the law as it changes. For that purpose, we must subscribe to various criminal law publications, the cost of which escalates yearly. To contain costs, we are eliminating many print subscriptions as more research can be done on-line through computer research services to which we must subscribe.

4. Mileage: The local courts must be serviced no matter what the price of gas. Our current budget in this area should be maintained given the gas price fluctuations over the past years.

### **Cortland County Child Advocacy Center:**

In general the CAC brings all needed services and supports for abused children to one safe, child-friendly location. The CAC ensures a non-threatening, child-focused environment for interviews with the child victims with quick and efficient access to a full range of services, while maximizing communication and coordination among numerous law enforcement and treatment providers.

All the staff at the CAC are tasked with investigating suspected cases of child physical or sexual abuse and have been trained in forensic interviewing along with a range of other training on child sexual and physical abuse. The staff works to minimize the trauma of the experience while they perform their investigations. You'll notice all law enforcement personnel are dressed in plain clothes at the center as one way to minimize the children's fear.

The center is also a resource for these children as they will also be assessed for any needed services upon their visit to the center. Any needed, medical, therapeutic or any other needs will be determined and referrals will be made for the children. The child also is assigned an advocate from Cortland YWCA – Aid to Victims of Violence (AVV) Program who will work alongside the child helping them through the entire process.

To begin Law enforcement (LE), Child Protective services (CPS), and at times an Assistant District Attorney (ADA) meet to organize the interview prior to the child arriving sharing any needed information between the disciplines. Once the child and their family arrive they are greeted by CAC Staff and an AVV Advocate stays with the rest of the family while CPS and LE bring the child to be interviewed in one of our child friendly interview rooms. The interview rapport building begins with the child including playing with the child, coloring, and assessing their developmental skills. The forensic interview is conducted and then the child returns to their family.

While the child is in the interview the AVV advocate meets with the family, explains the process, and assists them in filling out any necessary paperwork.

After the interview CPS and LE meet with the family to discuss the case, determine if there are any needed services for the child and to supply the family with their contract information for future follow up.

Referrals are made at this time for any needed services before the family departs the center.

**DEPARTMENT: PUBLIC DEFENDER**

**DESCRIPTION:**

The Public Defender's Office is authorized under Article 18A of the County Law, Sections 716-721 as a component of Cortland County's Plan for Indigent Defense. The Department of Public Defender and the Office of Public Defender were created by Local Law. The public defender serves for a two-year term and is appointed by the County Legislature. The Public Defender's Office staff represents indigent defendants charged with criminal matters in Town, City and Superior Courts of Cortland County. The Office also represents indigent petitioners and respondents who are involved in Family Court matters such as child abuse and neglect proceedings, custody proceedings, paternity suits, some child support proceedings, parole revocation proceedings and other miscellaneous cases. The Plan for Indigent Defense also includes an assigned counsel component that is utilized in cases where the Public Defender's Office is unable to represent eligible clients.

The Public Defender staff presently consists of the full time Public Defender, two part time assistant attorneys, two full time assistant attorneys, a part-time investigator, a full time paralegal, an "Assigned Counsel Administrator" (which position will revert to Secretary II upon the County approving a permanent Assigned Counsel Plan and Administrator), a Secretary I position and a Keyboard Specialist (which position will be eliminated upon the approval of a permanent Assigned Counsel Administrator).

Any increases in the Public Defender budget are attributable to fixed salary increases per contract. The monies requested for other expense items are the same as last year's budget. Some expense items can be variable depending on the cases assigned to the office, i.e., some cases require expert professional services and/or Court transcripts. Employee mileage is determined by the courts the attorneys have to cover and there is no discretionary component to mileage for court coverage.

Court ordered payments from clients via §722 orders, (requiring clients who are over the income guidelines to pay back a portion of the expense of their representation) have not been aggressively pursued in recent years. Part of the reason for that is the difficulty in collecting the money from clients, in that the Public Defender's office cannot initiate collection proceedings or even inform a client that collection proceedings will be instituted nor report unpaid fees to a credit bureau. A cursory review of past records indicate that from 2008 to 2012 there appears to be \$5,575.00 in un-collected §722 monies. It is likely that more §722 orders could have been obtained from the courts for clients over the guidelines, but given the poor collection rate, that would appear why more orders were not sought or granted from the courts.

If there were a collection process in place, such as assigning the collection of §722 debt to an outside firm or the County Attorney's Office, there might be better recoupment of these debts. If more aggressive collection procedures were in place such that these monies were actually being paid by clients over the income guidelines, then the courts might be more inclined to issue the orders when appropriate. An increase in the number of §722 orders obtained from the courts together with actual collection efforts would help offset some of the operational expense of the office.

**DEPARTMENT: COUNTY ADMINISTRATION**

**DESCRIPTION:**

The County administrator position was created by the Cortland County Legislature, by Local Law, No. 7 for the Year 2002 (establish the office of County Administrator for the county of Cortland) and by Local Law No. 3 for the Year 2003 (amending Local Law No. 7 of the Year 2002 allowing for a fixed term of office and designating County Administrator as Budget Officer).

The County Administrator is the Chief Administrative Office charged with the managerial responsibilities relating to the day-to-day operations of the county government and all its departments. The County Administrator is also the budget officer and is responsible for the oversight and coordination of the administration and implementation of the annual budget as adopted by the Cortland County Legislature.

**DEPARTMENT: COUNTY CORONER**

**DESCRIPTION:**

The Coroners Office makes inquiries into all deaths, whether natural or unnatural, in Cortland County. Such duties and responsibilities include investigation into said deaths as violent, unlawful or criminal violence, suicide, criminal abortions, homicides, etc. The Office assists the various law enforcement agencies and District Attorney's Office and requests and oversees autopsies as needed.

**PERFORMANCE INDICATORS:**

The performance indicators for this office are the number of death investigations done per year by the coroners. For 2011, the number of death investigations was 60; for 2012, the number to date is 41; for 2013, we expect no more or less but again, this number is impossible to predict and impacted by unforeseen variables.

**DEPARTMENT:       AUDITOR**

**DESCRIPTION:**

Pursuant to Section 600 of County Law, the County legislature has appointed a County Auditor to audit all claims, accounts, and demands which are made county charges by law and which otherwise would be audited by the County Legislature. All accounts payable claims are processed through this office (with the exception of the Department of Social Services) with strict adherence to resolutions, contracts, agreements, and bid awards authorized by the County Legislature and in compliance with the guidelines established by the Office of the New York State Comptroller.

**PERFORMANCE INDICATORS:**

Some Audit Department responsibilities had to be put on hold in 2012 with all the time spent on requisition training and implementation of that program. There are still some issues being worked on but for the most part it's running smoothly. 2013 will be spent getting all files up to date and reviewing to see where changes can be made to be more efficient.

**DEPARTMENT: REAL PROPERTY TAX SERVICE**

**DESCRIPTION:**

The Real Property Tax Service Agency was established by New York State statute in 1970 with the enactment of Article 15-S of the Real Property Tax Law. The statute also provided for independent Boards of Assessment Review and, at local option, the appointment of sole Assessors serving six-year terms as opposed to electing three person Assessor boards for two years. Counties were charged with the responsibility to create and maintain accurate tax maps conforming to specifications established by the State. In addition, this legislation established minimum qualification standards for County Real Property Tax Directors and appointed Assessors.

The County Legislature appoints the Director of Real Property Tax Services for a six-year term that expires September 30, 2013. The Director is also responsible for providing Assessor orientation training to local Assessors; training for local Board of Assessment Review members; apportionment's, calculation of tax rates for County, Town and Special District taxes; correction of errors and/or refunds of all municipal taxes.

Cortland County is made up of 16 assessing units (one city and fifteen towns). The three villages in the County have all adopted their respective town assessment rolls thereby eliminating the need for separate village Assessors.

**DEPARTMENT: COUNTY CLERK**

**DIVISIONS: COURT RECORDS, LAND RECORDS, PISTOL PERMITS, PASSPORT SERVICES, NOTARY SERVICES,  
RECORDS MANAGEMENT, MOTOR VEHICLES**

**DESCRIPTION:**

The County Clerk, as a State Constitutional Officer, is elected for a four-year term. The County Clerk serves as clerk of the Supreme and County Courts and as Clerk of the County Corporation. All county records concerning the operation of county government are filed with the county clerk as well as all local laws. Per section 205 of NYS Vehicle and Traffic Law, the county clerk acts as an agent for the Commissioner of Motor Vehicles and operates the county DMV.

Court Records-The County Clerk serves as Clerk of the Court for the New York State Supreme Court and the Cortland County Court. All civil and criminal court actions are commenced and filed at the County Clerk's office and all monies paid to the Courts are received at the County Clerk's office and disbursed appropriately. All documents concerning court cases, both Civil and Criminal cases of the Supreme and County Courts are filed at the County Clerk's office.

Land Records-The County Clerk's office files and records all documents pertaining to Real Property and collects and disburses all fees associated with filing and recording. These documents include deeds, mortgages, assignments, leases and any other documents pertaining to Real Property such as wills, UCCs, tax liens, etc.

Pistol Permit Issuing Agent-The Cortland County Clerk acts as an agent for the application and issuance of all Pistol Permits. All amendments subsequent to the issuance of a pistol permit are handled through the county clerk's office. The Clerk's office accepts the application, instructs and advises the applicant, produces photographs as needed, sends the application to various offices for investigation and submits the completed application to the County Court Judges for consideration. All information for applicants and pistol permit holders in Cortland County is on file at the County Clerk's office.

Passport Agent-The County Clerk's Office is a US Department of State licensed passport agency and the personnel scrutinize passport documents, offer a photograph service and forward the application to the US Passport Agency.

Notary Services-The Cortland County Clerk's office not only offers free notary services, but also maintains the records and signatures of all notaries that reside in Cortland County. The County Clerk's office supplies County Clerk's notary certifications and certifications for Apostilles as authorized by the Hague Convention.

Records Management- The County Clerk is the County's Record Management Officer and is responsible for overseeing the Records Center on Port Watson Street in Cortland. The Clerk is responsible for retaining and disposing of records in accordance with the Record's Management Retention and Disposition Schedule as put forth by the NYS Education Department and the New York State Office of Court Administration.

Motor Vehicles- The Cortland County Clerk is an agent for the New York State Department of Motor Vehicle Office and oversees the personnel and operation of the Cortland County DMV office.

**DEPARTMENT: COUNTY ATTORNEY'S OFFICE**

**DESCRIPTION:**

The County Attorney is required by County Law §501 and the Rules of Order of the Cortland County Legislature to act as the legal advisor to the County Legislature and every officer whose compensation is paid from county funds in all matters involving an official act of a civil nature.

The County Attorney provides legal advice and reviews documents on a regular basis for all Departments of the County.

The County Attorney must also prosecute and defend all civil actions and proceedings brought by or against Cortland County, the County Legislature, or its officers.

The County Attorney must be present at all County Legislative meetings, and must approve all resolutions on the agenda for Legislative meetings prior to said meeting for form and legal content.

The duties of the County Attorney include the rendering of advice to the County Legislators and the preparation of proposed legislation.

The County Attorney reviews all contracts and agreements undertaken by the County of Cortland for form and legal content, subsequent to Legislative authorization and prior to signature and approval of the Chairman of the County Legislature.

The County Attorney's Office must appear in support of a petition in Family Court to adjudicate a juvenile as a person in need of supervision, (PINS), and at all subsequent court proceedings had therein. The County Attorney's Office prepares all court orders for PINS proceedings.

The County Attorney's Office is a presentment agency authorized to originate petitions for juvenile delinquency proceedings in Family Court. Referrals for petition are made by law enforcement agencies through the Probation Department to the County Attorney. The petition is a written accusation charging a juvenile (under sixteen years old) with committing an act which, if committed by an adult, would be a crime. The County Attorney's Office must appear on behalf of the County to prosecute juvenile delinquency proceedings at all subsequent court proceedings had therein and prepares all required court orders.

These efforts are presently supported by a part-time County Attorney; one part-time Assistant County Attorney; a full-time Paralegal; and a half-time Confidential Secretary.

**PERFORMANCE INDICATORS:**

1. Regular attendance at regularly scheduled committee meetings.
2. Continued increased efficiency in the review of contracts.

3. Successful completion of In Rem foreclosure proceedings and successfully defended lawsuits commenced against the County.
4. Continued Progress toward staff attorneys handling litigation matters instead of hiring outside counsel.
5. Petitions filed in Cortland County Family Court prosecuted by the County Attorney's Office in Juvenile Delinquency (JD), Persons in Need of Supervision (PINS) and Violation of Probation/Support matters:

**January 1, 2011 – December 31, 2011**

2011 - JD petitions:	29
PINS petitions:	37
Vio. Probation/support	<u>12</u>
	78

**January 1, 2012 – August 20, 2012**

2012 - JD petitions:	9
PINS petitions:	22
Vio. Probation/support	<u>4</u>
	35

**DEPARTMENT: PERSONNEL / CIVIL SERVICE**

**DESCRIPTION:**

The Cortland County Personnel Department has the responsibility for administering the provisions of the Civil Service Law and the county civil service rules for the County and all civil divisions within the County, including the City of Cortland, fifteen (15) towns, three (3) villages, two (2) special districts (Soil and Water Conservation and Cortland Housing Authority), and seven (7) school districts for non-teaching personnel (a total of approximately 2000 employees).

The Personnel/Civil Service Department serves as the central personnel agency for all positions covered by Civil Service including, but not limited to: recruitment, approval/disapproval of applications for vacancies and Civil Service examination, maintenance of eligible lists, employee roster and payroll certifications. The Personnel/Civil Service Department administers and monitors all Civil Service examinations for the County and all civil divisions with the County.

Additional responsibilities include the processing of payroll and administration of various employee benefit programs, maintenance of all employees' annual leave accruals, unemployment claims, orientation for new employees, deferred compensation plan, personnel policies, Affirmative Action, retirement system, assist in Worker's Compensation (including 207C determination), Family/Medical Leave, EAP, Sexual Harassment, interprets and administers provisions of the labor agreements, handles grievances and arbitrations, labor relations and contract negotiations for the County and TC3.

The Cortland County's health, dental and vision insurance are administered by the Personnel/Civil Service Department.

**DEPARTMENT: BOARD OF ELECTIONS**

**DESCRIPTION:**

Run and oversee all Federal, State, County, and Village Elections in Cortland County. Train inspectors, maintain voting machines, and certify voting machines four times a year. Ensure compliance with the Help America Vote Act (HAVA) and the MOVE Act in the County. Certify all Elections that we are responsible for administrating.

**PERFORMANCE INDICATORS:**

We are proud of our record for running fair and honest elections. Our staff is friendly and helpful to all who seek our assistance. Our Inspectors, many who have been with us a long time, are helpful and considerate of all the voters. The change in voting machines has been a challenge that we will continue to meet through education. We will work diligently to maintain the high level to which the voters of Cortland County have been accustomed. We have kept in mind the present budget crunch in all of our requests, and tried to keep them to a minimum. Training and education will be crucial to continued success with the use of the voting system for all parties involved.

**DEPARTMENT: INFORMATION TECHNOLOGY**

**DIVISIONS: INFORMATION TECHNOLOGY, CENTRAL COPYING/MAIL, VOICE COMMUNICATIONS (HARD WIRED PHONES AND CELL PHONES), RF COMMUNICATIONS**

**DESCRIPTION:**

The Information Technology Department provides services to all County departments and agencies. In addition we help other municipalities, such as the City of Cortland and the Town of Cortlandville, and the Cortlandville Fire Department, as our resources allow. IT is responsible for maintaining specifically designed software for several departments and agencies as stated below. Responsibilities also include troubleshooting and updating software designed by outside vendors and used throughout the county. IT personnel are available 24 hours a day, seven days a week to resolve problems that occur outside of normal business hours.

IT is charged with network design for the County data network which includes buildings connected with fiber and several outlying buildings with wide area network (WAN) connections as well as inter-connectivity with State networks at multiple locations. We are currently supporting both wired and wireless connectivity within the county.

IT is responsible for the voice communications (telephone) network for the entire county. IT has been given the responsibility of the radio frequency (RF) network and RF infrastructure. This includes but is not limited to Sheriff's radios, Sheriff's RF network which provides data communications for the mobile data terminals (MDT or laptops) in the cars, the Virgil and Solon tower sites and interconnections of all of the above as well as Project Management for the new Cortland County Interoperable Communications System (CCICS).

IT is responsible for duties and functions normally associated with Central Services. Mail processing, large volume copying and printing and network printing are currently under our supervision. We are supporting the Sheriff's Department in their use of their records management and computer aided dispatch systems. IT has assisted several offices in their use of the document imaging system. IT is responsible for the county-wide copier lease and handles the payments from the various departments that in turn gets paid to the leasing company.

IT continues to act in a project management capacity. With ever greater integration of technology into every facet of our work place IT is being called on to lead the implementation of any initiative with a data or communications component. IT is the lead department for managing the deployment effort and identifying and applying for grants to offset the cost of the CCICS Project.

**PERFORMANCE INDICATORS:**

Below is a list of hardware, software, networks (voice and data) and phones that are the responsibility of Information Technology:

Equipment and Software:

ITEM	TOTAL
Personal Computers	396
Laptops	99

Servers – Windows 2000	2
Servers – Windows 2003	17

**DEPARTMENT: CORTLAND COUNTY SHERIFF'S DEPARTMENT**

**DESCRIPTION:**

The Cortland County Sheriff's Department provides law enforcement coverage for Cortland County, which consists of approximately 500 square miles with an estimated population of 49,300. The County has 15 towns and three villages, as well as the City of Cortland. It also has major highways that run through the County, Route 81 and Route 13.

The Town of Cortlandville with the expanding commercial area on Rt. 13 South Cortland has and will continue to challenge the capability of Law Enforcement, with the increase in traffic problems and calls for service in the area.

We have had an increase in Meth labs in the City and County along with problems with other dangerous drugs. We are seeing more arrestees with drug problems and needle tracks than we have in the past. We are also seeing other problems in the community because of the increased availability of illegal drugs. This is why I am asking for two more police officers one, for highway patrol and one, to be permanently assigned to increase the investigation into the drug problems in this county.

**The Administration:** Consists of an elected Sheriff, appointed Undersheriff, Herbert Barnhart, and appointed, Secretary to the Sheriff, Joyce Smith.

**The Correction or Jail Division:** Captain Budd Rigg oversees the Jail. The Jail Division is responsible for the safe keeping of all State and local inmates. The Jail is regulated by the New York State Commission of Corrections and is mandated by State Law that each county has a public jail. The law that governs is the New York State Minimum Standards and the Cortland County Jail Rules and Regulations. The Cortland County Jail holds 59 inmates. With variances from the Commission, we can hold up to 74 inmates. This division works 24 hours a day, 7 days a week with 39 full time officers assigned to the jail. Of the 39 officers we have a Captain, two Lieutenants, and three Sergeants. The records person is not a Correction Officer and the Cook is not an officer nor are the part-time cooks. The Jail has a contracted doctor and a contracted nurse under the doctor's contract. The jail received 755 inmates: City 315, County 275, State 112, Homer 17, SUNY 1, State Parole 36, in 2011. (Mandated)

**The Civil Division:** is responsible for serving all the Civil Papers such as Income Executions, Family Court, actions for Divorce, Information Subpoenas, Warrants to remove, etc. The division served 2,421 papers. There are three people who work in the Civil Division. At times the Road Patrol officers help serves papers when the Civil Division is over burdened. (Mandated)

**The Communications/911 Center:** Nick Wagner oversees the 911 Center and is responsible for all emergency and non-emergency calls for police, fire and ambulance throughout the County. Our 911 Center dispatches fire service for Preble, Truxton, Cuyler, Homer, Cortlandville, Virgil, Cincinnatus, Harford, Marathon, Willet and the City of Cortland. We also dispatch ambulance service for Cincinnatus and MAVAC (Marathon). We dispatch police services for New York State Police, Cortland City Police, Village of Homer Police, Village of McGraw Police and the Cortland County Sheriff's Department Road Patrol. The dispatch (911) has 15 full time employees. The dispatchers received about 64,000 calls for service in 2011.

Within the dispatch center is also a 4<sup>th</sup> work-station where a private ambulance (TLC) dispatches and gives pre-arrivals (first aid information) over the telephone to the caller to assist until the ambulance or local emergency squad can arrive. This has saved the county many dollars in training.

**The Road Patrol/Investigations:** Captain Mark Helms oversees both of these divisions. The Road Patrol officer responds to all calls assigned by dispatch using the closest car rule with the State Police. There are usually 3 patrol officers on duty on each shift from the Sheriff's Department. To keep three Patrol Officers on a shift 24 hours a day it takes 5.2 employees per post to cover these 24 hours a day 365 days a year. This does not include the Sergeants. The Lieutenant in charge of the highway patrol and one Sergeant have a take home marked police vehicle. The marked vehicles are of good use as a visual deterrent as well as having the ability to respond to assist the shift with major problems. We have one K-9 (Wright a German Sheppard) and one K-9 Handler that has a take home vehicle. The Road Patrol officers in 2011 wrote 2,474 Vehicle Traffic Tickets and made 715 Criminal Arrests up from 577 in 2010, and answered 24,184 calls for service with 85 DWI Arrests.

The Criminal Investigation unit has one Lieutenant and six investigators they take all felonies from grand larceny to drugs, burglaries, murder etc. We have one of these investigators assigned full time to welfare fraud investigations and works at the Department of Social Services in the County Office Building. One Juvenile officer works out of the Bureau and handles all juvenile crimes/sexual abuse crimes. Two investigators are assigned to the Drug Task Force part time. The Drug Task Force is comprised of the District Attorney, City Police Sgt., State Police Officer and a SUNY Cortland Police Officer. This is a very important inter-agency task force that works very well together. This type of inter-agency coordination has worked to bring many drug dealers and users before the Court and on to prison. Two investigators work Felony cases and evidence collection and arson investigations. The Criminal investigators have taken home unmarked vehicles. This has allowed the investigators to have a quick response to calls for service from the highway patrol.

**Records Management:** The records management has one Sergeant and one support staff assigned to do Jail and Sheriff's records. They receive and process all case files and tickets from the Road Division and all arrests that enter the Jail. Personnel /employment record checks have increased over the past couple of years. (Mandated)

### PERFORMANCE INDICATORS:

#### All Divisions

Training is and will be a top priority

#### Road/Bureau

Drugs we have made arrest on:

The types of drugs that we have encountered this year are Heroin, Cocaine, Prescription medication (which includes several types of controlled medications), Psilocybin mushrooms, Marijuana, Methamphetamine Labs, and Hash.

Mission: To cut the number of fatal accidents with increased patrols Route 13 and Route 281 Cortlandville.

Fatal accidents in 2011 and in 2010

Fatal Accidents - 0 (None)

STEP Grant for Overtime patrols

#### Civil Division

New employee trained but not sent to school (Civil)

Mail second stage Income Executions, postage increase. This seems to be more efficient with fuel usage and wear and tear on the vehicle.

Jail Division

Working toward accreditation

Cameras in blocks have helped with inmate problems; more visible and are recorded

A Block repaired and painted by inmates

Livescan takes inkless fingerprints quicker and more efficient

**DEPARTMENT: PROBATION**

**DIVISIONS: INTAKE/SUPERVISION/INVESTIGATIONS/RESTITUTION  
ALTERNATIVES TO INCARCERATION (ATI) PROGRAM**

**DESCRIPTION:**

The Probation Department provides a range of services for adults and juveniles that are mandated under the NYS Executive Law, Criminal Procedure Law, Penal Law, Correction Law and Family Court Law. These services include investigation, supervision, Family Court intake, and restitution/fee collection. Probation investigations are court-ordered and consist of gathering information regarding the offense, the victim impact, the defendant's/respondent's history of delinquency or criminality, the social history of the defendant/respondent, an analysis of dispositional alternatives available to the court, and a specific recommendation for disposition. Investigations regarding custody are also conducted by the Probation Department as ordered by Family Court Judges. Probation supervision permits the offender/respondent to remain in the community under conditions specified by a court to be supervised by a Probation Officer. In both investigation and supervision the primary responsibility of the Probation Department is to ensure the safety of the community including collection of DNA samples and monitoring of Ignition Interlock Device (IID) compliance. The length of a Probation sentence is set by law and determined by the adjudication or category of criminal conviction. The terms range from one year to ten years. Family Court intake allows juveniles and their families involved in Juvenile Delinquent (JD) and Persons In Need of Supervision (PINS) matters the opportunity to be diverted from the Family Court process. Juvenile Delinquent Diversion is limited to four months. The law requires counties to provide a wide range of services to the PINS cases and does not restrict the length of time a case can remain open in the PINS Diversion Program. Two Senior Probation Officers along with one Senior Caseworker from the Department of Social Services (DSS) stationed at the Probation Department are a strong team of workers committed to assisting children and their families to resolve problems and promoting healthy family lifestyles. Finally, the Probation Department has been designated as the County's collection agency for restitution; also collected are custody investigation fees.

The ATI Program, consisting of Pretrial Release (PTR) and Community Service (CS), is designed to provide judges, the community, and offenders with viable alternatives to both pretrial detention and sentences of incarceration. The PTR Program interviews jail inmates to assess release eligibility and/or substance abuse treatment necessity. Verified interview information/release recommendations are provided in a timely manner to the Court for consideration in any release/bail decisions. Reporting conditions ordered range from 1-5x/week contact. If release to treatment is more appropriate, the individual is referred for diagnostic evaluation(s). Per those recommendations, a referral is completed and defendants are assisted in being released to a program. The PTR Program also provides information and referral services regarding programs such as education/vocational training and other counseling as the Court may require. The CS Program assists those who, absent such a program, could face at least thirty days of incarceration. Upon interview, an appropriate supervisory level is determined and a work site assigned for each client with a not-for-profit or government agency.

<b>Community Service</b>						
New Clients (125/year required)	232	215	146	210	200	210
Hours Ordered (4,800hrs/yr target)	7,522	7,002	4,989.50	7,063	7,200	7,000

Hours Completed (4,000hrs/yr required)	5,536	5,049	4,068.25	4,496	5,000	4,500

*\* It is important to note continued usage of the Pre-PINS Parent Orientation meeting attempts to decrease cases being opened to PINS Diversion as parents are encouraged to attempt resolution through other community agencies, hence successfully avoiding the need for involvement in the Family Court system. This is viewed as a positive step forward to concentrate efforts on PINS Diversion cases of a more serious nature and in need of extended and more intensive services.*

## DEPARTMENT: FIRE & EMERGENCY MANAGEMENT

### DESCRIPTION:

Cortland County's first Fire Coordinator, Wilfred Parsons, was a part time position established in 1950. He then became full time in 1961 and held the office until 1970 when he retired. At that time, James E. LeFever became the second Fire Coordinator of Cortland County. In January of 1993, the Department of Fire and the Department of Emergency Management consolidated into one department (Fire & Emergency Management Office) with Mr. LeFever as the Director and Ms. Brenda DeRusso as the Assistant Director. Mr. LeFever retired in July of 1994, leaving the position vacant for 19 months. At that time, David Tanner was appointed as the Director of the Fire & Emergency Management Office (FEMO) with Ms. DeRusso remaining as the Assistant Director. In December of 2002, Mr. Tanner left the department, being replaced by Robert Duell in March of 2003. Currently, the Fire & Emergency Management Office (FEMO) is staffed with a full time Director and Assistant Director. Also, the department consists of 5 Deputy Fire Coordinators who are considered unpaid county employees receiving mileage reimbursement only, along with up to 15 Fire Investigators that function on a part time volunteer basis with no reimbursement for services rendered. Duties of the personnel in the Fire & Emergency Management Office include, but are not limited to, the following:

- Direct and Coordinate any and all programs and services, especially Health, Safety and Training, that govern the over 980 Fire, Rescue & Emergency Medical Services (EMS) personnel that serve to protect the County of Cortland residents and the transient public;
- Provide guidance and assistance to specialized teams such as the Fire Investigation Team Cortland County (FITCC), the County's Hazardous Materials Response Team, the Volunteer Emergency Search Team (VEST), and maintains an operationally-readied Emergency Operations Center (EOC) for activation, as appropriate;
- Develop, administer and coordinate guidelines, programs and activities covering entities such as the 911 Communication Center, Communications Tower Site, Fire & EMS Advisory Boards, and out of County, State, and Federal agencies such as FEMA, NY SOEM, NYSEMA, NFPA, & OSHA;
- Implement, revise and coordinate emergency service operational plans such as the County's Mutual Aid Plan, a Hazardous Materials Response Plan, a Mass Casualty Incident Plan, Tier II / SARA Title III Plan, a Comprehensive Emergency Management Plan (CEMP) and a Multi-Jurisdictional All Hazards Mitigation Plan (AHMP);
- Assist the County Fire Departments with the development and coordination of recruitment and retention programs and their membership rolls, with the pre-planning of incidents, guidance with the State Fire Reporting System, Fire Prevention Education & Public Relation Programs, and to act as a direct liaison between the County Government and all County Fire / EMS agencies; and
- To search for and develop grant monies that may benefit the County's Emergency Services, such as a Federally-funded Local Emergency Management Performance Grant Program (LEMPG), which is already in place and is currently providing our department with funding towards off-setting the Assistant Director's salary.

## PERFORMANCE INDICATORS:

The following statistics provide performance information on various programs conducted by our department pertaining to fire training and investigations. Also, attached is a Regional Training Center Usage Report from January 1, 2012 to August 4, 2012. This report indicates the amount of activities and personnel that have attended the Center to date. Please note the wide variety of agencies that have taken advantage of the Regional Training Center.

**FIRE TRAINING:** These statistics indicate the total number of NYS Fire Training courses delivered from September 3, 2008 through December 31, 2011, along with the number of personnel trained, and total number of personnel training hours for the above periods.

**FIRE INVESTIGATIONS:** These statistics provide a summary of the Fire Investigation Team of Cortland County (FITCC) activities to date. This information contains particular data including total man hours dedicated by the investigators, fire cause determinations, classifications or types of fires and total number of investigations, all for the years from 2005 through August 2012. Please note that several of these fire investigations are conducted in cooperation and in conjunction with other agencies such as the Cortland County Sheriff's Department, the New York State Police, and the New York State Office of Fire Prevention and Control's Fire & Arson Bureau.

### CORTLAND COUNTY REGIONAL TRAINING CENTER USE REPORT

#### Frequency of Use

Year	Time Frame	Frequency of Use	Number of Users
2008	09/03/08-12/31/08	72 Times	549

**FIRE INVESTIGATIONS:**

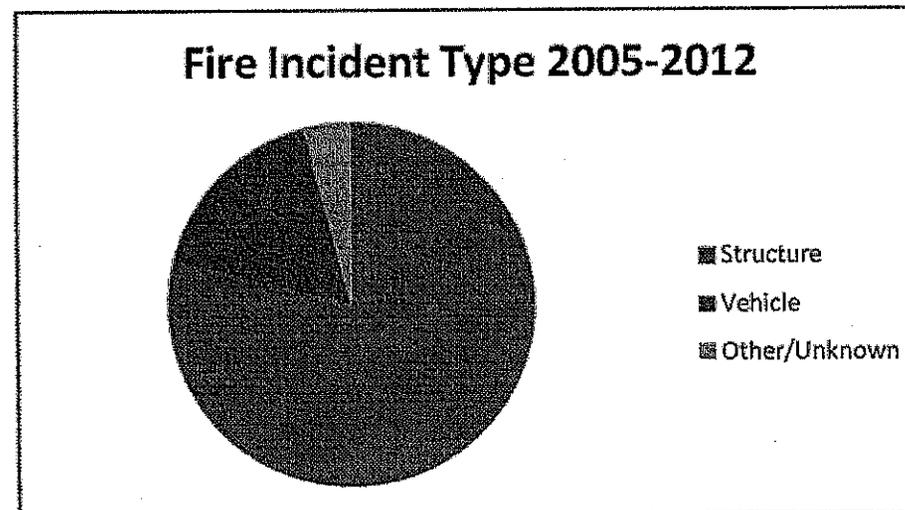

Report of the Cortland County Fire Investigation Team

August 2012

The Cortland County Fire Investigation team has remained an essential and active part of the fire service in Cortland County. During the period of January 1, 2011 through December 31, 2011 the team responded to fourteen fire investigation assistance requests from fire departments in Cortland County. The number of responses is typical of the trend for the seven years shown below. Through August 9, 2012 the fire investigation team has responded to nine calls for fire investigation assistance with a projected total of thirteen calls for the year ending December 31, 2012.

During the period of January 1, 2005 through August 10, 2012 the Cortland County Fire Investigation Team has responded to one hundred twenty three requests for fire investigation assistance, of those requests, ninety seven were for structure fires, twenty one were for vehicle fires, and five were for other or unknown types of fires.

The primary mission of the Cortland County Fire Investigation Team is to determine the cause of the fires that it responds to. According to the National Fire Protection Association (NFPA) Guide 921 – Guide for Fire and Explosion Investigations, the determination of fire causes should be classified in four primary categories:

- Accidental

- Natural
- Incendiary
- Undetermined

During 2011, six of the fires were classified as accidental while six fires were classified as undetermined. During 2011, there was one fire classified as incendiary which was referred to local law enforcement for continuing investigation.

During the past year, all team members have continued to train on a regular basis. Members have completed the necessary training to become New York State Certified Fire Investigators. The training includes a minimum of 36 hours of classroom instruction to achieve Level I certification and a minimum of 116 hours to achieve Level II certification. The members of the Cortland County Fire Investigation Team have made a conscious effort to obtain certification with only one member not holding a current certification. All members that lack certification continue to accumulate the necessary hours to receive certification.

As of August 10, 2012 there are several vacancies on the fire investigation team. We continue to experience difficulty in recruiting and retaining members due to the amount of advanced training required.

### **Summary**

The level of commitment of all investigators on the Cortland County Fire Investigation Team is extraordinary. The necessary hours expended for meetings, training and fire investigation are an invaluable resource not only for the fire service, but for the residents of Cortland County. Through the efforts of every team member, the truth regarding the cause of fires; and as a deterrent for those that might set fires, the investigators of the Cortland County Fire Investigation Team play a critical role in the safety of the residents of Cortland County.

**DEPARTMENT: SAFETY DEPARTMENT**

**DESCRIPTION:**

The Safety Office is a one person office with the responsibilities for planning, implementing and enforcing a comprehensive safety program for all county employees as well as the public who uses the county facilities. The Safety Office inspects all county owned and rented properties for safety and fire code violations and advises appropriate departments on the hazardous conditions and advises on elimination of hazards. The Safety Officer serves as the County Code Enforcement Officer and assures that all capital projects are built to the New York State Building Codes Standards.

**PERFORMANCE INDICATORS:**

1. Reviews and keeps abreast of applicable laws, rules and policies affecting the County's self insurance, Workers' Compensation, health, safety, loss prevention, and code enforcement.
2. Implements and enforces established health and safety laws, rules and policies.
3. Investigates complaints related to OSHA/PESH violations and fire hazards.
4. Make routine inspections to observe potentially hazardous conditions and work practices.
5. Coordinate training program on health and safety.
6. Review Workers' Compensation reports.
7. Visit job sites, inspect working conditions.
8. Maintain vehicle, personal injury accident reports.
9. Maintain reports required by Commissioner of Labor, County Legislature, Health and Safety Committee.
10. Advise the County Legislature and Department Heads of safety violations and recommends establishment or modifications of standards.
11. Prepare and maintain a variety of correspondence, records, and reports in conjunction with my work.
12. Prepare annual budget.
13. Maintain contact within county government and other municipalities to assist in solving mutual problems.
14. Consults with the County Attorney on difficult matters or when claims may be referred for court actions.
15. Make routine inspections to observe potentially hazardous conditions and work practices.
16. Monitor the safety programs of all operating departments.
17. Cooperates with OSHA/PESH inspections and fire drill programs.

**DEPARTMENT:** HEALTH DEPARTMENT

**DIVISIONS:** ADMINISTRATION / HEALTH EDUCATION, CHILDREN WITH SPECIAL NEEDS, ENVIRONMENTAL HEALTH, HOSPICE, JACOBUS CENTER FOR REPRODUCTION HEALTH, NURSING

**DESCRIPTION:**

Currently the Cortland County Health Department employs about 70 fulltime, part time and per-diem staff. Staffing is determined by program need and work load.

**CCHD Mission Statement:** *The mission of the Cortland County Health Department is to promote health, prevent disease, injury, and disability while enhancing the quality of the life within our community.*

### Health Administration

Counties are required by the state to produce a Community Health Assessment (CHA) every four (4) years. The CHA is a fundamental tool of public health practice. It describes the health of the community by presenting information on health status, community health needs, resources and current local health problems identifying target populations that may be at increased risk of poor health outcomes and enables public health professionals to gain a better understanding of the community's needs, as well as assess the larger community environment and how it relates to the health of individuals. The CHA identifies areas where better information is needed, especially information on health disparities among different subpopulations, quality of health care, and the occurrence and severity of disabilities in the population. The Community Health Assessment is the basis for all local public health planning, giving local health units the opportunity to identify and interact with key community leaders, organizations and interested residents about health priorities and concerns. This information forms the basis of improving the health status of the community through a strategic plan.

The Cortland County Community Health Assessment is completed with the help of Seven Valleys Health Coalition, SUNY Cortland, Cortland Regional Medical Center and the United Way for Cortland. With community partner input and participation a document entitled Cortland Counts, An Assessment of Health & Wellbeing in Cortland County is produced annually using Healthy People 2020 goals established by the Center for Disease Control (CDC) as a guide in establishing local priorities.

<http://www.sevenvalleyshealth.org/cortlandcounts.htm>

**Duties:** A county's legal responsibility to provide public health services is fixed by state statute and by any agreements or contracts governing the use of grant money to provide such services.

**Structure & staffing:** Health Administration is led by the Public Health Director. Appointed by the legislature and Board of Health, s/he is subject to the provisions of Section 356 of Public Health law and responsible for initiating, planning, and directing a local public health program, for the implementation and enforcement of the State and County Sanitary Code and other public health programs. A part time Medical Director serves as a medical consultant for the Health Department and the medical community specific to public health issues. A full time Deputy Public Health Director is responsible in the absence of the Public Health Director, overseeing special projects and serving as the Health Department Corporate Compliance Officer. A part time Deputy Public Health Director is responsible in the absence of the Public Health Director and has primary responsibility for the CCHD Emergency Preparedness Program. A full time Fiscal Officer is responsible for planning, implementing and monitoring accounting and fiscal management functions for the department. Among other duties, a full time Confidential Secretary supports the Public Health Director, Board of Health and Administrative staff.

**Revenue:** Local Health Department State Aid (Article 6 State Aid) provides a base grant of \$550,000. This goes towards the cost of core programs (including salaries but no fringe benefits) after revenues are subtracted. Additional costs are reimbursed at 36% after revenues are subtracted. There is revenue off-set to reimburse for fringe benefit costs that were not included in any revenue received as well as other indirect costs.

**Challenges/barriers:** Cuts in state and federal funding along with the tax cap has decreased overall funding for state and local public health programs.

### **Emergency Preparedness**

**Purpose:** To be ready to deal effectively with all types of public health emergencies.

**Staffing:** .5 FTE

**Highlights:** Develops and maintains plans for mass dispensing, receiving and distribution of state and federal assets, infectious disease control, isolation and quarantine, special needs shelters, and continuity of public health operations.

**Mandate, Regulatory Requirement:** This program is mandatory to meet New York State public health preparedness requirements.

**Required activities:** All Health Department staff participates in Emergency Preparedness drills on an on-going basis. Emergency Management strategies (Ex; Incident Command System or ICS and risk communication) are implemented during public health activities in order to establish staff proficiency with these principles.

**Challenges/barriers:** Federal and state funding for Emergency Preparedness has been decreased this year while the mandates and deliverables have not. The county does not have a continuity of operations plan (COOP) that delineates how the county would function in a disaster. Because of this, the Health Department must draft the required plans separate from a larger plan.

**Cost/Revenue:** State Emergency Preparedness Grant pays Cortland County \$50,000 in 2012.

### **Health Education**

Health Education is a mandated public health service and employs 4 full time (FTE) Public Health Educators, 1 FTE Supervising Public Health Educator and 1 FTE Public Health Project Assistant whose salaries are covered almost exclusively by various grants. Staff duties include grant writing, grant administration, reporting and public education. By the end of 2011, the decision was made to move the Youth Bureau over to the Health Department /Health Ed in an attempt to consolidate staffing and bring a health perspective to youth activities in the County. As of Jan 1, 2012 a full time Public Health Program Manager (formerly SPHE) over sees the Youth Bureau and Health Education Division.

**Current grants include:**

- Traffic Safety; Fully grant funded (\$56,636) by The Federal Highway Safety Program through the National Highway Traffic Safety Administration (NHTSA)

- Cancer Services of Cortland and Tompkins Counties; Fully grant funded by NYSDOH Cancer Services Program Grant (\$146,916 for personnel and OTPS, \$87,266 for patient services), Susan G. Komen for the Cure Grant (\$21,802) and TC3's BIG PINK Trust Fund Donation (\$6,200)
- Tobacco Free Cortland; fully grant funded (\$130,500) in year 4 of a 5-year grant.
- Creating Healthy Places to Live Work and Play (Known as "HealthyNOW" Cortland County); fully Grant Funded (\$175,000) to the Seven Valleys Health Coalition of which Cortland County Health Department receives-\$21,874-for its share of staff salary and fringe.

### **Nursing**

#### **Licensed Home Care Services Agency (LHCSA)**

The MCH team is staffed by 1.5 FTE RN/PHN, 1 FTE Community Health Supervisor, .5 FTE MSW and a per-diem nutritionist and 1 FTE support staff. Program oversight is provided by .5 Director of Clinical Operations. Staff time is split between two primary programs; Maternal Child Health (MCH) and Medicaid Obstetrical & Maternal Services (MOMS).

**Highlights:** With the closing of the Certified Home Health Agency, the Health Department has had to reestablish its MCH programs in Cortland County. The "new and improved" MCH team is focused on prevention services for women and their infants.

**Mandate/Regulations:** A mandated service MCH is regulated under Article 6 and Public Health Law

**Essential Stats:** In 2011 340 women and infants were served by the MCH & MOMS programs.

**Challenges/barriers:** As a "new" program, the MCH team has provided much outreach to local hospitals, medical providers, agencies and the community. In the past MCH visits had been viewed a Public Health Prevention activity but as we transition to the LHCSA we are setting up a system to be able to bill for services under private insurance and Medicaid Managed Care plans.

**Cost/Revenue:** MOMS visits are billable under Medicaid. MCH visits may be billable to the woman's insurance policy or are covered under Article 6.

### **Nursing Public Health Programs**

Nursing Public Health Programs is staffed by 2 FTE RN/PHNS, 1 FTE SPHN and 1 FTE support staff. The nurses are cross trained and cover all public health programs in this area. They work closely with and serve as resources to physician offices, hospitals, community agencies, schools and the public.

#### **Communicable Disease Program**

**Purpose:** To prevent and control infectious disease. Early identification and timely reporting of communicable disease is essential in order to minimize the impact to the community and protect the public's health.

**Highlights:** A hepatitis C outbreak was identified in late 2011. There was a 36% increase in 2011 case reports compared to the previous year. 50% of the cases reported were in adults < 35 years, and the vast majority associated with IV drug use. The health department staff is working closely with community partners to increase testing rates and ultimately curb the spread of this deadly disease.

**Mandate/Regulations:** Communicable Disease surveillance is a mandated service under Public Health Law Article 21. As a result of State and Federal mandates after September 11, 2001, this traditional Public Health activity has grown significantly in its requirements. Reporting of suspected or confirmed communicable diseases is required under the New York State Sanitary Code (10NYCRR 2.10).

**Essential stats:** The number of Communicable Disease reports received in 2011 was about 100, unchanged from 2010. A slight increase of Pneumo Strep and Strep Group B was identified in Cortland. Statewide surveillance identified outbreaks of Salmonella (food borne), Measles, Pertussis (Whooping Cough), Hep A & C and a single case of human Rabies. While these diseases were not identified in Cortland the fact that they were in surrounding counties led us to initiate prevention measures. For example, to limit the spread of Pertussis we organized a coalition with CRMC delivery room nurses and local OBs to encourage Tdap administration to expectant parents and infant caregivers (including grandparents).

**Challenges/barriers:** Outbreaks have to be addressed at the onset. They draw significantly on our limited local resources. The hepatitis C outbreak warranted extensive follow-up and outreach, including:

- Contact tracing to identify others potentially infected
- Education and outreach to both the professional and public community
- Mobilizing community partners to help determine the extent of the problem and how to best address it

**Cost/Revenue:** Some activities are reimbursed by State Aid and the remainder reimbursed at 36% by State Aid.

### **Lead Poisoning Prevention Program**

**Purpose:** To decrease environmental exposure to lead for children. One of the most common environmental toxins for young children in New York State, lead exposure can cause severe health and developmental effects. The Lead Poisoning Prevention Program is responsible for:

- Establishing and coordinating activities to prevent lead poisoning and to minimize risk of exposure to lead
- Promoting routine universal screening and testing for lead poisoning in children
- Coordinating case management for persons with elevated blood lead levels
- Promoting lead screening of pregnant women and testing as indicated

**Mandate, Regulatory changes:** New York State has a number of laws and regulations relating to lead poisoning prevention and treatment. Labs are required to report lead results to the Local Health Department in the county where that person resides. The Health Department is required to ensure appropriate follow up including lead reduction education and (as required) environmental inspection. Control of Lead Poisoning - NYS Public Health Law, Title 10 of Article 13 (Amended April 2009) NYS Regulations for Lead Poisoning Prevention and Control - NYCRR Title X, Part 67 (Amended June 2009) and Public Health Law Section 2168 - Statewide Immunization Registry

**Highlights:** Reports from NYSDOH during 2003-2009 have consistently shown Cortland County's testing rates well exceed the NYS average and those in other counties.

**Mandate/Regulations:** In 2009, the following changes were made to NYS Public Health Law and Regulations for blood lead testing, reporting and follow-up for early identification purposes and to reduce the risk of lead poisoning;

- Confirmatory testing required at a lower capillary test result
- Comprehensive follow-up services, including environmental management at a lower blood level

- Exchange of information between the NYSDOH Lead Program's reporting system, LeadWeb and the NYSDOH immunization registry, NYSIIS

**Essential stats:** There was a 17% decrease in the percentage of children tested by 72 months in 2011 compared to 2010. One-year-olds were the age group with the greatest decrease in testing. Two (2) additional children required comprehensive follow-up in 2011 due to the 2009 regulatory change.

**Challenges/barriers:** Staffing vacancies and changes, as well as a transition to a new electronic software program resulted in problems maintaining an effective tracking system that would help ensure children were being tested routinely in accordance with NYS universal testing guidelines.

**Cost/Revenue:** Lead Poisoning Prevention Grant (\$37,971) and State Aid.

### Immunization Program

**Purpose:** To help reduce the likelihood of vaccine-preventable diseases by helping assure children, seniors and everyone in between receives the vaccines they need. The primary focus is on increasing immunization coverage levels of one and two-year-olds. Other areas of focus include the promotion of vaccination of adolescents, adults and healthcare workers. The overall goal is to promote vaccination for everyone and in accordance with ACIP recommendations. This makes it necessary to assure access to vaccine and to share information about the importance of on-time vaccinations. The Immunization Program staff serves as a resource both to the public and medical community, keeps the medical community apprised of important immunization related updates and monitors vaccination coverage levels of one and two year old children.

### **Highlights:**

- Improved hepatitis A and B coverage levels of at-risk individuals. The hepatitis C outbreak provided the opportunity to facilitate hepatitis A and B vaccinations of high-risk individuals including those infected with hepatitis C. This has been a long-term initiative that has not been met with successful compliance. The progress made during the hepatitis C outbreak raised awareness about this important initiative which should result in ongoing vaccination efforts.
- Improved access to pertussis vaccination for at-risk individuals, primarily women of child-bearing age, pregnant women and other adults who are in close contacts with infants. A pertussis task force was convened with community partners to address vaccination of these at risk adults in order to protect infants from pertussis, a very vulnerable population. Cortland County Health Department applied for and received 200 doses of Tdap vaccination for those at-risk adults who do not have insurance that pays for the vaccination, and a referral system has been developed.
- Improved access to influenza vaccination. Effort was made during the 2011-2012 influenza vaccination season to hold clinics at locations that would provide easy access to the under-served, persons who might otherwise go unvaccinated. Public clinic locations included the soup kitchen and several food pantries throughout the county.
- Improved tracking and monitoring of the immunization coverage levels of one and two-year-olds linked to immunization outreach initiatives and/or other community programs.
- Billed a private insurance successfully for influenza vaccinations administered to a small group of school personnel.
- Collaborated with the Maternal Child Health team in order for program activities to be completed that were planned for but would not have been completed otherwise had assistance not been available in this other program area.

**Essential stats:** In 2011 442 people attended regular immunization clinics, 258 received vaccines and 224 TB testing. Four (4) special clinics vaccinating twenty five (25) adults were held specifically for Tdap, pneumococcal and HPV using vaccine purchased through a federal grant. During Flu season seventeen (17) flu clinics were held vaccinating 732 primarily under/uninsured adults under age 65.

**Challenges/barriers:**

- Need for an efficient electronic billing system to seek reimbursement from third party payers for immunizations.
- Influenza vaccination clinics for the under-served were not well attended so we are re-evaluating how to best advertise/deliver/meet this need.
- The focus of immunization clinic is shifting to people who are uninsured. This means that participants will be pre-screened and if insured will be routed to their primary physician. Those that are uninsured will be charged a vaccine charge and/or admin fee based on a sliding fee scale.

**Cost/Revenue:** Immunization Grant (\$30,000) and State Aid funded. Minimal reimbursement has been received from third party payers other than Medicare.

**Jacobus Center for Reproductive Health (JCRH)**

JCRH is staffed by 1.6 FTE RN, 1 FTE SPHN, 2 FTE Nurse Practitioners, 1.4 FTE Clinic Aids and 3 FTE support staff. Division oversight is provided by .5 FTE Director of Clinical Services.

**Sexually Transmitted Disease (STD) Program**

**Purpose:** To prevent the spread of STDs by providing testing and treatment for reportable STDs (Chlamydia, gonorrhea, and syphilis) and prevention education for Cortland County residents. Screening for Hepatitis C and immunization for Hepatitis A and B and for HPV (Human Papillomavirus) are also available.

**Highlights:** There was a 46% increase in Chlamydia cases from 2009 to 2010, followed by a 10% decrease from 2010 to 2011. From Jan-May 2011 to the same period in 2012, there has been a 35% increase in cases. Professional outreach is conducted to local care provider offices regarding the increase in Chlamydia and the need to test and treat. Public outreach is conducted in the community and schools.

**Mandate/Regulations:** The County is mandated to fund diagnosis and treatment for reportable STDs, including Chlamydia, gonorrhea, and syphilis.

**Essential stats:** In 2011, there were 403 people seen in STD Clinic for 478 visits. There were 365 HIV tests and 1,268 STD lab tests done. People coming to STD clinic are screened for additional risk factors, educated regarding the prevention of STDs, and offered appropriate testing and treatment.

**Challenges/barriers:** Partner contacts of identified STD cases sometimes go to the local emergency room instead of coming to the HD for testing.

**Cost/Revenue:** Costs involve staff time, testing materials and lab fees. Insurance/Medicaid and patients cannot be charged for the covered STD services. Other services, such as HIV testing and vaccine administration can be charged to insurance/Medicaid. Additional services are charged to insurance/Medicaid and self-pay patients.

### **Family Planning Program**

**Purpose:** To provide individuals the information and means to make decisions about, and access, reproductive health care. The priority is to provide these services to underserved individuals in the community. Family Planning is recognized as an entry way into health care, as well as the source of primary care, for many women. The JCRH staff also performs public health activities that are not strictly reproductive health services, such as immunization administration and Hepatitis C testing and follow-up.

#### **Highlights:**

- The annual Mother/Daughter Retreat was held in March to facilitate communication between mothers and their 10-13 year old daughters
- The Jacobus Center services averted 390 unintended pregnancies (157 for teens) in 2011 according to American Journal of Public Health estimates. Cortland County's teen pregnancy rate has decreased steadily since 1991
- Research shows that for every \$1 spent on family planning services, \$4 is saved

**Mandate/Regulations:** The Family Planning clinic is optional and regulated under Title X Family Planning Essential stats: In 2011, 1798 patients were seen for 3785 visits. 61% of these patients were at or below 100% Federal Poverty Level, with 79% at or below 150% FPL. There were 2,067 STD tests done in Family Planning Clinic, many of which would have otherwise been done at the STD Clinic (causing an additional cost to the County).

#### **Challenges/barriers:**

- Many patients seeking care from JCRH do not have a primary care provider. Those with complex medical needs are referred to primary care providers for follow up. Family Health Network is the referral for those who need a sliding fee scale.
- Reaching all under and uninsured people who would benefit from our services is challenging
- The process of billing and reconciling remittances from Medicaid is more complicated with the APG methodology

**Cost/Revenue:** Reimbursement from 3rd party payers, Title X Family Planning Grant (\$387,018), direct patient payments; Article 6; educational program fees.

### **Children with Special Needs Division (CSN)**

In addition to individual program staff the Health Department has a team of therapy providers that travels throughout the county providing Early Intervention and Pre-School Special Education services to eligible children. The Health Department bills third party insurance and Medicaid for these services and seeks additional reimbursement from the NYS Health and Education Departments as appropriate. Staffing levels are determined based on program need. Currently there are 2.5 FTE Speech Language Pathologists, .5 FTE Clinical Team Leader, 1.5 FTE Special Education Teachers, 1 per diem Occupational Therapist and 2 per diem Physical Therapists. In addition, the Health Department maintains service contracts with multiple individuals and agencies in order to meet the service needs of this community.

### **Child Find & Early Intervention Program (infants and toddlers birth – 3)**

EI Staffing includes 2.5 FTE Early Intervention Service Coordinators, .5 FTE Child Find RN and 1 FTE Supervising Early Intervention Service Coordinator.

**Purpose:** To identify and evaluate as early as possible those infants and toddlers that are at risk of or with a suspected or confirmed developmental delay or disability and to provide for appropriate intervention to improve that child's development. The New York State Early Intervention Program (EIP) is part of the national Early Intervention Program for infants and toddlers with disabilities and their families. To be eligible for services, children must be less than 3 years of age and have a confirmed disability or established developmental delay, as defined by the State, in one or more of the following areas of development: physical, cognitive, communication, social-emotional, and/or adaptive.

**Highlights:** In 2011 Cortland began using a statewide data collection and billing system called NYEIS, phasing out the old outdated KIDS system.

**Mandate/Regulations:** A mandated program, counties are required to ensure Early Intervention services are provided. First created by Congress in 1986 under the Individuals with Disabilities Education Act (IDEA), the EIP is administered by the New York State Department of Health through the Bureau of Early Intervention. In New York State, the Early Intervention Program is established in Article 25 of the Public Health Law and has been in effect since July 1, 1993. Regulatory changes occurred in June 2010 increasing the role of the EI service coordinator.

**Essential stats:** 113 referrals were made to EI in 2011 and 176 children received services in that year. 97 referrals were made to Child Find in 2011 and 247 children received services. The county clinical team completed seventy nine (79) core evaluations, seventeen (17) supplemental evaluations and provided 2064 therapy visits. All EI sessions are provided in the child's natural environment (home or day care).

**Challenges/barriers:** There has been a decrease in reimbursement for service coordination activities based on the regulatory changes. In 2011 there was a marked increase of EI children in foster care. These families have very complex needs and biological parents are often difficult to contact. Introduction of the New York Early Intervention System (NYEIS) in January 2011 has been a challenge due to the problems associated with the implementation of a new web based data collection and billing system. NYEIS program requirements also have placed additional responsibilities on EI staff.

**Cost/Revenue:** Section 2559 of PHL and 10 NYCRR Section 69-4.22(a) require municipalities to seek reimbursement from commercial insurance and Medicaid in the first instance and prior to submitting a claim to the Department of Health for the state share of costs related to early intervention services. The only exception to this requirement is for services delivered to children whose family insurance policy is not subject to New York Insurance Law (e.g., employment-based self-insurance or New York residents insured by contracts delivered outside of New York State). NYS DOH provides some funding through an EI Grant (\$32,908) to be used for administration of the program.

### **Pre-School Special Education Program (children ages 3-5)**

**Purpose:** To identify and provide educational services to children with developmental disabilities/delays that impact a child's ability to learn. The New York State Education Department (SED) Office of Special Education oversees the statewide preschool special

education program with school districts, municipalities, approved providers and parents. Evaluations and specially planned individual or group instructional services or programs are provided to eligible children who have a disability that affects their learning.

**Staffing:** .5 FTE PreK Coordinator, 1 FTE support staff

**Highlights:** Jacquie Stegland was hired on a per diem basis to replace the retired Preschool coordinator in September 2011. Recently retired from Cortland City Schools as Special Education Director, Jacquie comes to us with many years of special education experience, a good understanding of state and federal regulations and a solid knowledge of this community and its resources.

**Mandate/Regulations:** Established under Article 89 of the New York State Education Law. Medicaid in Education requirements continue to evolve including mandatory annual training for key staff.

**Essential stats:** In 2011, 192 students were served in the Pre-K program (52 received center based programming and 140 received related services in the home or community based setting). Transportation by First Transit and arranged for by Cortland County was provided to 42 center-based students. Six (6) students were transported by a parent and the family was reimbursed and four (4) children were transported by parents with no reimbursement.

**Challenges/barriers:** Documentation requirements for Medicaid do not align with SED documentation requirements which results in a convoluted/complex documentation and billing process when seeking Medicaid reimbursement.

**Cost/Revenue:** Funding for special education programs and services is provided by municipalities and the State. Some services may be billed to Medicaid as appropriate.

### **Children with Special Health Care Needs (CSHCN) & Physically Handicapped Children's Program (PHCP)**

**Purpose:** To improve the system of care for children with special health care needs from birth to 21 years of age and their families. Children served by the CSHCN Program have an illness or condition for which they need extra health care and support services. New York State also supports programs in most counties in the state that help families of CSHCN by giving them information on health insurance and connecting them with health care providers. These programs will also work with families to help them meet the medical and non-medical needs of their children.

**Staffing:** .25 FTE RN

**Highlights:** PHCP is being phased out.

**Essential stats:** 4 families were served by PHCP in 2011

### **Facilitated Enrollment**

**Purpose:** To assist people to obtain health insurance for themselves and their children. Enrollers work one-on-one with people to gather the necessary documentation and submit a completed application for Child Health Plus, Family Health Plus or Medicaid based on eligibility (income) requirements. Enrollers are located at 60 Central Ave Cortland and CRMC and are available to meet with people beyond these locations and outside business hours.

**Staffing:** The program is administered by 1 FTE enroller/program manager employed by CCHD and .5 FTE enroller subcontracted through Cortland Regional Medical Center.

**Highlights:** Cortland County Health Department has been chosen once again for the FE grant 2012 – 2017.

**Essential stats:** In 2011 the FE program completed 303 applications (family and individuals) with 135 adults qualifying for Medicaid or Family Health Plus and 177 children for Child Health Plus. Of the 305 applications processed 118 were ineligible because they were over income. The top five (5) referral sources to FE are: DSS, JCRH, self, CRMC and Access to Independence.

**Challenges/barriers:** As a Medicaid managed-care county, enrollers for the plans (Fidelis & Total Care) are located throughout the county such as physician offices, outside of DSS office and other community locations which has cut back on our enrollment numbers. It remains a challenge to identify the remaining uninsured of the community.

**Cost/Revenue:** Fully grant funded (\$109,758) through NYS DOH.

## Hospice

Hospice staff includes 5.8 FTE available and on-call 24 hours a day, 7 days a week. Staff is made up of RNs, social worker, chaplain and physician. 1 FTE support staff, 1 FTE Director and other contracted personnel.

**Purpose:** To promote the availability and accessibility of quality hospice and palliative care for all persons and their families in Cortland County confronted with life-limiting illness.

**Highlights:** Age ranges served to date in twenty years of service- 5 day old infant to 106 year old.

**Mandate/Regulations:** New federal Quality Data reporting requirements are scheduled for January 2013. The elements are largely based upon the 15 month Medicare demonstration project that Cortland County's hospice participated in (2009-2010) as one of only seven hospices selected nationally. Hospice is not subject to recent Medicaid decreases in reimbursement and New York State has passed legislation approving prognosis eligibility for hospice services to be extended from the current six months to twelve months to encourage more use of proven cost-effective hospice services. Final approval from the federal government is in progress.

**Essential stats:** Comparisons of Cortland hospice's service statistics and cost data to regional, state and national hospice data show that Cortland hospice provides the same levels of care and service far more cost-effectively than regional, state and federal hospices (a savings of \$5,290 per patient when 2011 cost data is compared to the most recent 2008 New York State hospice service data.) Medicare savings for use of Cortland hospice in 2011 is estimated by Medicare data to be \$163,939, due to success in avoiding more costly end-of-life futile care or acute emergent hospitalizations. Additional savings to local and state Medicaid expenditures are realized when a Medicaid-eligible patient is maintained whenever possible in their own home setting rather than Medicaid-funded facility placement.

**Challenges/barriers:** A pressing challenge is a number of late referrals resulting in patients/families not benefiting from earlier intervention and support in the terminal process.

**Cost/Revenue:** Certified by the federal government (CFR Article 42) and licensed by the State of New York (Public Health Law-Article 40; Title 10-Article 9), therefore services are billed to and paid by Medicare, Medicaid, and private insurances. Surplus and deficit years balance out ultimately to no cost to the county.

## Environmental Health

Environmental Health is composed of 6 technical staff – 4 PH Sanitarians, 1 PH Engineer, 1 Supervising Sanitarian and 2 support staff. Program staff is crossed trained to allow for maximum program coverage. Technical staff is available after business hours through a mandated on-call system. Time spent in each program is tracked electronically by SDOH. Some program activities overlap so not all time is easily assigned to the programs listed below. In 2011 EH lost two long time employees – the public health engineer and the sanitarian responsible for food inspections. Both positions took almost 6 months to fill. In 2010 time spent on EH programs was 7.78 FTE and in 2011 it was 6.87 FTE, reflecting the loss of the two positions.

### Rabies Control and Response

**Purpose:** To respond to and control rabies exposure. EH is responsible for the management of rabies (vector bite) exposures, ensuring appropriate confinement of pet, submittal of rabies samples to NYS DOH, ensuring proper post-exposure treatment, and providing county pet rabies clinics.

**Highlights:** Environmental Health staff works closely with Nursing Division Communicable Disease Program staff as well as with agencies such as the SPCA and local towns and villages in coordinating animal rabies clinics.

**Mandate/Regulations:** This is a mandated service under PHL Title 4 Section 2140.

**Essential stats:** In 2011, there were 221 incidents investigated, 110 pet confinements, 53 rabies specimens tested and 25 human post exposure treatments arranged.

**Challenges/barriers:** Billing private insurance is challenging as this health department is not a member of the “provider network”. The grant monies allocated do not keep up with the costs of veterinarian services, shipping charges for specimens and vaccine costs.

**Cost/Revenue:** 36% State Aid funding for staff, program expenditures are 100% funded up to \$21,000. Client’s insurance is billed for post exposure and state reimburses cost if client is under or uninsured.

### Public Health Nuisances

**Purpose:** To respond to complaints and conditions that exist, or may become a detriment or menace to human health or interfere with the free use of property so as to cause discomfort to the community or persons in the neighborhood. Nuisances include but are not limited to rodent infestations, improper storage, disposal, or transportation of garbage, exposures to domestic waste, or other problems that could have a detrimental effect on the public’s health.

**Highlights:** EH works closely with local Town and Village Code Enforcement Officers to resolve issues.

**Mandate/Regulations:** This is a mandated service under PHL Article 13 Section 1300

**Essential stats:** In 2011, 53 complaints were investigated.

**Challenges/barriers:** The economy has made it difficult to find/maintain affordable housing throughout the community.

**Cost/Revenue:** Reimbursed 36% State Aid

### Temporary Residences

**Purpose:** To ensure that fire, safety and sanitation standards are met in hotels, motels and campgrounds thus affording the highest degree of protection possible to the occupants.

**Mandate/Regulations:** Mandated service under PHL Title 10 part 7 Subpart 7-1

**Essential stats:** In 2011 there were 16 facilities.

**Challenges/barriers:** The economy has made it difficult to find/maintain affordable housing throughout the community. Some of the facilities are being utilized for short term housing for DSS clients. It will also be interesting to see how the proposed HVHF (spell out) will impact development of new or use of existing facilities.

**Cost/Revenue:** Reimbursed 36% State Aid plus permit fees

### Housing Hygiene

**Purpose:** To respond to and investigate all complaints originating from a tenant of rental housing units. Program addresses sanitary conditions and whether a dwelling is fit for human occupancy.

**Highlights:** Staff works closely with local Code Enforcement to resolve housing issues. Unresolved issues result in posting the house against occupancy. This action requires quarterly monitoring.

**Mandate/Regulations:** A non-mandated service - County Code is different from the State Building Code in that the local code addresses occupancy issues rather than construction issues. These include but not limited to issues of no heat, no water, no hot water, inadequate kitchen and bathroom facilities, and insect infestations.

**Essential stats:** In 2011 11 complaints were investigated.

**Challenges/barriers:** Although the City of Cortland has a multiple occupancy (3 or more units) housing program, the remaining municipalities do not. County Code also addresses 2 family units within the City. This program has been eliminated from State Aid reimbursement. We have been referring complaints to the CEOs when appropriate. The economy has made it difficult to find/maintain affordable housing throughout the community. It will also be interesting to see how the proposed HVHF will impact the availability of housing.

**Cost/Revenue:** No longer receive state aid for activities.

## Vector Surveillance and Control

**Purpose:** To educate and provide information to the public regarding personal protective measures and other precautions to reduce mosquito populations and minimize mosquito borne illness in humans. We continue to respond to complaints with inspection, education and enforcement if necessary. WNV interventions including larval control will be considered on a case by case basis. Similar activities would be provided if Eastern Equine Encephalitis enters the area. Mosquito breeding sites may be considered a public health nuisance and some activities in the program could be mandated under PH Nuisances. Staff is also involved in answering questions on tick related issues.

**Mandate/Regulations:** Non-mandated services PHL Section 602 Article 15

**Essential stats:** The number of calls to the office regarding dead birds has fallen considerably since the surveillance began in the late 90's. The focus has been personal protection and prevention. This is true for both mosquito and tick issues.

**Challenges/barriers:** This is primarily a seasonal issue. The State tick ID service is not available and we no longer have the funding or staff available for intensive mosquito surveillance/larvaciding activities.

**Cost/Revenue:** Reimbursed 36% with no cap for PH emergencies. Mosquito breeding sites may be considered a public health nuisance and some activities in the program could be mandated under PH Nuisances.

## Food Service Establishments

**Purpose:** To conduct inspections of all food operations, including restaurants, schools, taverns, vending machines, temporary events and senior nutrition sites to assure that standards of food handling and sanitation are met to prevent food-borne illness. Complaints of suspected food-borne illnesses are investigated.

**Highlights:** The Division currently has one FSIO1 certified staff member and two that are in the process.

**Mandate/Regulations:** This is a mandated service under PHL Title 10 Part 14

**Essential stats:** There are approximately 250 permitted facilities and 300 temporary food booths annually

**Challenges/barriers:** Temporary food events/booths are always a challenge (impressing upon the operators the importance of proper food handling especially when this is an occasional operation with many different workers involved.). There seems to have been an upswing in applications for mobile food and food facilities. It is surprising given the economic climate. This is also one of the programs that cross over to other programs such as on-site sewage disposal and public water.

**Cost/Revenue:** 36% State Aid plus permit fees

## Public Water Supplies

**Purpose:** To oversee the quality of all public water supplies in the county through multiple contacts with water systems on a daily, monthly and annual basis. Public water supplies are monitored, inspected and assisted. Municipalities, campgrounds, children's

camp and mobile home parks, apartment buildings, schools, and businesses are all components of the public water supply community. Some of the functions covered are:

- Oversight of all new public water systems for proper design and construction
- Sanitary surveys of all public water systems within the county
- Assistance to public water systems during normal operations and emergencies
- Approval of credentials of licensed water operators for public water systems
- Enforcement actions and compliance determination
- Surveillance sampling, investigations and monitoring to ensure a safe water supply and delivery system
- Local regulation of community water systems for compliance with the Part 5 requirements of the NYS Sanitary Code and directives of the NYSDOH

According to the World Health Organization, "Access to safe drinking-water is essential to health, a basic human right and a component of effective policy for health protection"

**Highlights:** In addition to NYS public health law, this Program fulfills requirements of the Sanitary Code of the Cortland County Health District. The Safe Drinking Water Act (SDWA) is the main federal law that ensures the quality of Americans' drinking water. Under SDWA, EPA sets standards for drinking water quality and oversees the states, localities, and water suppliers who implement those standards.

**Mandate/Regulations:** This is a mandated service under Public Health Law, Section 225, Part 5 Subpart 5.1 Public Water Supplies.

**Essential stats:** There were 25 community, 6 non-transient non-communities, and 62 non-community public water supplies monitored in 2011.

**Challenges/barriers:** The Environmental Protection Agency consistently and methodically increases the rules, regulations and monitoring requirements for public water systems. There is an ever increasing need for more education and technical expertise in both the water systems and the regulatory agencies.

**Cost/Revenue:** Funded through the \$100,180 Water Enhancement Grant money and permit fees, with the remaining costs funded at 36% State Aid.

### Individual Water Supply

**Purpose:** This program guides the remainder of water supplies that serve people in Cortland County. Oversight includes Issuing construction permits and certificates of completions for onsite drinking water wells. This includes site plan approval, and water quality testing of individual household water supplies. The program also includes disease investigations where testing is conducted to determine if the residential water supply is a contributing factor for various reportable communicable diseases.

**Highlights:** Works closely with communicable disease team during disease investigations. This program fulfills requirements of the Sanitary Code of the Cortland County Health District.

**Mandate/Regulation:** This is a non-mandated service

**Essential stats:** There are approximately 125 permits issued per year

**Challenges/barriers:** The rural nature of many installations in this county uses much time and travel.

**Cost/Revenue:** Funded through the \$100,180 Water Enhancement Grant money and permit fees, with the remaining costs funded at 36% State Aid

### **Well Head Protection and Aquifer Monitoring**

**Purpose:** To ensure clean potable water. Groundwater is used by 98% of the county's population for drinking water. This program promotes drinking water well head protection activities and provides technical assistance to the Towns for protection programs. Aquifer surveillance and monitoring wells are coordinated with other agencies such as the NYSDEC and the Cortland County Soil and Water District.

**Highlights:** This program fulfills requirements of the Sanitary Code of the Cortland County Health District.

**Mandate/Regulation:** Some program activities are mandated; aquifer protection and monitoring are non-mandated

**Challenges/barriers:** The economic benefit of development is many times in direct opposition to environmental concerns.

**Cost/Revenue:** Funded through the \$100,180 Water Enhancement Grant money and permit fees, with the remaining costs funded at 36% State Aid.

### **Petroleum Bulk Storage**

**Purpose:** To establish the regulations for registration of Petroleum Bulk Storage Facilities in the Cortland County Health District. Review and approve plans for new facilities, inspect existing facilities annually. The goal of the program is to prevent gasoline spills to the groundwater.

**Highlights:** This program fulfills requirements of the Sanitary Code of the Cortland County Health District. Older high risk buried petroleum tanks have been steadily quantified and eliminated by this program. This protects the irreplaceable ground water source which is used by 98% of the county's population for drinking water.

**Mandate/Regulations:** This is a non-mandated program.

**Essential stats:** There are approximately 472 registered tanks.

**Challenges/barriers:** Because of the fragile Sole Source aquifer the Health Department is vigilant to protect the drinking water for its residents and community needs. The importance of this task, as well as the difficulty in performing it, is enhanced by the recent advent of the High Volume Hydraulic Fracturing (HVHF or Hydrofracking) drilling possibilities.

**Cost/Revenue:** Funded through the \$100,180 Water Enhancement Grant money and permit fees, with the remaining costs funded at 36% State Aid.

### **Mobile Home Parks**

**Purpose:** To conduct annual inspections and issue permits. Water supplies, sewage disposal systems and refuse storage, disposal, etc. are inspected to assure health and safety of the occupants.

**Mandate/Regulations:** This is a mandated service under PHL Title 10 Part 17

**Essential stats:** There are 15 permitted facilities

**Challenges/barriers:** It will be interesting to see how the proposed HVHF will impact development of new or use of existing facilities. This is also one of the programs that cross over to other programs such as on-site sewage disposal and public water.

**Cost/Revenue:** 36% State Aid plus permit fees

### **Individual Sewage Systems**

**Purpose:** To ensure adequate septic systems (also known as onsite wastewater disposal systems). When improperly used or operated, septic systems can be a significant source of ground water contamination that can lead to waterborne disease outbreaks and other adverse health effects. The division conducts site inspections, percolation tests, issues construction permits and certificates of completions and final inspections for onsite wastewater treatment systems.

**Highlights:** This program enhances the safety of drinking water at non-public water systems through technical assistance, sanitary quality review, and activities related to the safe operations of on-site wastewater treatment systems.

**Mandate/Regulations:** This is a non-mandated program

**Essential stats:** There are approximately 275 permits issued annually

**Cost/Revenue:** Funded through the \$100,180 Water Enhancement Grant money and permit fees, with the remaining costs funded at 36% State Aid.

### **Pools and Beaches**

**Purpose:** To inspect and issue permits to all public pools and beaches, including those at temporary residences. All new construction plans are reviewed for code compliance. Requirements concerning supervision, lifesaving equipment and training, water quality and the operation and maintenance of the pool or beach are reviewed. Reports of injuries or illnesses are investigated.

**Highlights:** There were no incidents of drowning at pools or beaches in the County in 2011. The county now has a recreational aquatic spray ground.

**Mandate/Regulations:** This is a mandated service under PHL Title 10 Part 6

**Essential stats:** There are 21 permitted facilities

**Challenges/barriers:** This is also one of the programs that cross over to other programs such as temporary residences

**Cost/Revenue:** 36% State Aid plus permit fees

### Children's Camps

**Purpose:** To ensure the safety of day camps and overnight camps through inspection. Camp operators are required to submit a safety plan for review and approval. Key emphasis is on supervision requirements.

**Highlights:** There were no disease outbreaks in 2011. Staff is proactive in notifying camp staff of trends in reportable illness.

**Mandate/Regulations:** This is a mandated service under PHL Title 10 Part 7. On July 6, 2011, the definition of a Children's Camp was revised to include indoor camps with 2 or more activities, one of which is a non-passive activity with significant risk of injury.

**Essential stats:** There are 10 permitted facilities.

**Challenges/barriers:** The NYS code sets the permit fee for Children's Camps at \$200.00. Municipal, charitable, philanthropic or religious organizations are exempt from fees. Though seasonal, this is one of the most labor intensive programs in the Division. The State aid reimbursement does not keep up with the time spent in inspections and plan reviews required for permitting. This is also one of the programs that cross over to other programs such as on-site sewage disposal and public water.

**Cost/Revenue:** 36% State Aid, Fee set by NYS at \$200.00. Most camps are exempt.

### Clean Indoor Air Act (CIAA)

**Purpose:** To limit smoking in indoor places of employment. This includes all bars and restaurants. Enforcement is conducted via complaint investigation and as an adjunct to any other EH program activity conducted by staff.

**Mandate/Regulations:** This is a mandated service under PHL Article 13-E. CIAA limits smoking in indoor places of employment including all bars and restaurants. The amendment to the Act became effective on July 22, 2003.

**Essential stats:** In 2011 two (2) complaints were received and investigated.

**Challenges/barriers:** A small EH staff has made it difficult to conduct compliance checks as we lack the element of surprise. Most compliance checks (bars) have to be conducted after hours and we are faced with overtime restrictions.

**Cost/Revenue:** 36% State Aid/ ATUPA grant of \$135,314.00 for 5 years '08-'13.

## **Lead Poison Control Program**

**Purpose:** To identify sources of lead exposure, through environmental inspections, for children who have been identified as having lead poisoning. To ensure that information is available to the public regarding environmental sources of lead poisoning and safe renovation techniques.

**Highlights:** Environmental staff works closely with the Lead program nurse to coordinate medical and environmental aspects of lead poisoning.

**Mandate/Regulations:** This is a mandated service under PHL Title 10 of Article 13 Part 67. Beginning in April 2010, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child care facilities, and schools built before 1978 must be certified by US EPA and must follow specific work practices to prevent lead contamination.

**Essential stats:** In 2011, 5 lead inspections were conducted

**Challenges/barriers:** Risk assessors must be recertified every 3 years, the cost of which in 2012 was \$77.00. The cost of training another staff member will be an added expense in the coming year. This will also present a unique opportunity in that the present inspector will be able to provide 'in the field' training. Because the cost of purchasing and maintaining an XRF is prohibitive, EH utilizes the professional services of a consultant (Ecospect). We have been dealing with more owner-occupied situations, which limit enforcement.

**Cost/Revenue:** State aid & lead grant funded

## **Adolescent Tobacco-Use Prevention Act (ATUPA)**

**Purpose:** Grant work plans require compliance checks for all facilities that sell tobacco products. If the grant funds are not accepted, the County is still responsible, without funding, to do the enforcements and hearings for all violations cited by an outside contractual agency.

**Highlights:** Work closely with Health Education Tobacco Free staff member

**Mandate/Regulations:** This is a mandated service under PHL Section 1399. The enforcement for selling tobacco to minors has been shifted from the criminal justice system to the public health administrative system with the implementation of a law that took effect September 6, 1992.

**Essential stats:** In 2011 there were 43 tobacco retailers. There were 4 enforcements generated for sale to a minor, one resulted in a 6 month tobacco/lottery license suspension.

**Challenges/barriers:** It has become increasingly difficult to recruit youth for compliance checks.

**Cost/Revenue:** Mandated 100% funded by ATUPA grant of \$135,314.00 for 5 years '08-'13 and/ or 36% State Aid

## **Radiation Protection**

**Purpose:** To respond to radiation emergencies that affects the municipality. Provide information on health effect from radiological exposures. We do not permit or conduct inspections of equipment.

**Mandate/Regulations:** This is a mandated service under PHL Title 10, Part 16.

**Challenges/barriers:** We would rely heavily on NYS for response to emergencies.

**Cost/Revenue:** 36% State Aid, some equipment and training can be paid through the Bio Terrorism grant

## **Environmental Assessment Program**

**Purpose:** To investigate suspected hazardous waste sites; facilitation of remedial action at these sites; response to air quality and chemical exposure issues affecting public health. Assess exposures during oil spills and respond if people require relocation (relocation most often occurs as a result of home heating fuel spills).

- Hazardous Waste Sites- Working with State and Federal agencies on the investigation, monitoring and remediation of hazardous waste sites. (Rosen Site, Smith-Corona Site)
- Indoor Air Quality – Investigate possible environmental exposures in the home.
- Chemical emergencies – Provide information on health effect from chemical exposures.
- Emergency Oil Spill Relocation Program

**Highlights:** Staff actively participates in the Local Emergency Planning Committee (LEPC) and enlists the assistance of the State Bureau of Toxic Substance Assessment with the issue of indoor air quality at the town of Cortlandville offices.

**Mandate/Regulations:** This is a mandated service under PHL section 206.

**Challenges/barriers:** this may be one of the programs significantly impacted by HVHF issues. Funding for this additional responsibility is still to be determined.

**Cost/Revenue:** 36% State Aid

## **Radon**

**Purpose:** To decrease the incidence of lung cancer and other respiratory illness resulting from exposure to radon by encouraging radon testing in the home and remediation interventions.

**Highlights:** Cortland County has some of the highest indoor radon level in the State. Information on remediation system installation for new construction is handed out with each new septic system permit.

**Mandate/Regulations:** This is a non-mandated program.

**Essential stats:** 39 out of 40 Radon test kits were distributed to the public in 2011.

**Challenges/barriers:** It has been difficult to ascertain how many systems were installed in new construction. If the Uniform Code required the installation, the program would be more successful.

**Cost/Revenue:** 36% State Aid plus a \$7345 grant for a 5-year grant period from July 2010 through 2015. 25% of the grant each year is directed to home test kits which are given out free of charge to County residents.

### **Future Services**

- **Tanning** – This is a new program as of 2009. EH is charged with inspect tanning facilities. At this time there are no guidelines established. (36% State Aid, mandated)
  
- **Tattoo Parlors** – This is a new program as of 2009. EH is charged with inspecting tattoo parlors. At this time there are no guidelines established. (36 % state aid, mandated)

**DEPARTMENT: MENTAL HEALTH**

**DESCRIPTION:**

**Programs: Mental Health Clinic  
Single Point of Access  
Prevention Services for Youth  
Family Support Services**

The Mental Health Department operates a number of community mental health programs directly, and also serves to coordinate the **Local Government Unit (LGU)** as mandated by New York State, to ensure the provision of mental hygiene services to the residents of Cortland County (New York Mental Hygiene Law 41.11). The LGU is a partnership between the Director of Community Services and associated staff, the Community Service Board and its subcommittee's (Developmental Disabilities, Mental Health, and Chemical Dependency), the Health Committee and the Cortland County Legislature, and the Cortland County Administrator.

In addition to assuring that there is a system of comprehensive care in place to serve special needs populations, the LGU must also have a system in place to provide for involuntary hospitalizations and transports under sections 9.45 and 9.37 of Mental Hygiene Law, and coordinate competency evaluations and habilitation per CPL 730 for the courts. The LGU must assure that an Assisted Outpatient Treatment Program (AOT) exists per section 9.60, and that there are Single Points of Access (SPOA) for children and adult services, to manage access to intensive programs. The LGU is also responsible for the development and submission of an annual plan for Mental Hygiene Services to be able to access New York State Aid Funding. The LGU is responsible for periodic reporting of outcomes, financial reporting and contract management to the New York State Office of Mental Health (OMH), the Office of Alcoholism and Substance Abuse (OASAS) and the Office of Mental Retardation and Developmental Disabilities (OMRDD).

The mission of the Cortland County LGU is to coordinate and support the development of systems and services to address the changing mental hygiene service needs of county residents. The LGU is responsible for assessing community needs, planning to provide necessary services, and monitoring the system to develop, improve and expand services when necessary to meet identified needs. The LGU also seeks to develop collaborative partnerships across agencies and systems that enhance cooperation and integrate supports to coordinate care and efficiently utilize resources.

The mission of the **Mental Health Clinic** is to assist individuals with mental health issues to become more functional in emotional, cognitive, social, educational and/or self-care areas. Currently included in this service is the mandated provision of Jail services, assessment for need of Assisted Outpatient Treatment (AOT) and completion of competency evaluations (730 orders) in addition to outpatient mental health treatment. Clinic treatment includes a structured assessment of needs and the development of a comprehensive treatment plan developed in collaboration with the patient. Treatment may include psychopharmacology, psychotherapy, group therapies, and coordination with community services.

The Mental Health Clinic is licensed by the New York State Office of Mental Health to provide clinical therapeutic services, psychiatric evaluation and treatment, psychosocial evaluation and treatment, psychological services, psychopharmacology, and psychotherapy for all ages. The clinic has specialized treatment groups for men who have been domestically violent, parenting groups, adult and adolescent dialectical behavior therapy, Treatment, Evaluation and Education for Sexual Offenders (TEESO) Group, and a nonviolent alternatives program group. The Mental Health Clinic provides rapid access to quality care for Cortland County residents. The program

serves a significant population of at-risk individuals regardless of their ability to pay or type of insurance, and works to enhance successful functioning of Cortland County citizens in the community.

The **Single Point of Access** (SPOA) is a state mandated process that provides county residents integrated access to a range of intensive mental health supports. The program is entirely funded by New York State Aid, and serves as a collaborative process to assess needs, determine eligibility for intensive mental health services, manage waiting lists, and problem solve barriers to access. There are separate SPOA groups for adults and children made up of community leaders from provider agencies and service systems.

The **Prevention Services for Youth** (PSY) Program serves a broad range of community needs specific to youth, including assessment and coordination in the community to determine the extent and nature of unmet needs/barriers relating to mental hygiene services. The program also provides technical assistance to schools/youth and community based organizations to find and develop validated programs to promote positive mental health, and provides support and coordination to build and/or strengthen community capacity as it relates to MH and youth development issues through community forums, training, and information sharing.

The PSY Coordinator works to promote early identification of mental health needs and access to treatment through the Clinic Plus mental health screening initiative working to screen 5<sup>th</sup>, 7<sup>th</sup> and 9<sup>th</sup> graders in partner schools. The PSY Coordinator provides leadership and coordination to support the Cortland Area Communities That Care Coalition, the Central New York Suicide Prevention Coalition, and the Think Again Group (TAG) to reduce stigma and promote awareness about behavioral health issues. The PSY Coordinator provides free suicide prevention and postvention training, and coordinates Parent Information Nights focusing on such topics as psychoeducation, access to services, parenting issues, and psychopharmacology .

The **Family Support Services** (FSS) Program is a community-based support that provides services to the families parenting seriously emotionally disturbed (SED) children and adolescents. FSS offers flexible, individualized programming that builds on the strengths of families, and strives to empower families. The core services that are offered to families include: (1) Respite Services: Drop-In (planned group respite) and One-on-One (individual/mentoring); (2) Parent Educational Support Group; (3) Intensive In-Home Parenting Services (TEAM Parents Program); and (4) Advocacy. Additional services include supportive counseling, informal case management services, planned family events, crisis intervention, and referral services.

The target population includes families of seriously emotionally disturbed children and youth. To qualify for services, families must meet at least one of the following criteria:

- Families with a youth who has had a psychiatric hospitalization or a youth for whom hospitalization was recommended;
- Families that have utilized Psychiatric Emergency Services;
- Families with a youth who has been recommended to, or has had placement in a residential treatment facility or center;
- Families with a youth who is classified Emotionally Disturbed (ED) by a school district Committee on Special Education;
- Families with any member(s) currently in mental health treatment;
- Families with a parent who has been hospitalized psychiatrically.

Family Support Services prioritizes services for youth (up to 18 years of age) that are most impaired psychiatrically, under the greatest stress environmentally and at the greatest risk for out of home placement.

PERFORMANCE INDICATORS:

<b>Mental Health Clinic</b>		<b>2011</b>
Adult Visits (avg. monthly)		668
Child/Youth Visits (avg. monthly)		225
Total Number of Units of Services		15,107

**DEPARTMENT: SOCIAL SERVICES**

**DIVISIONS: INCOME MAINTENANCE, SERVICES, ADMINISTRATIVE**

**DESCRIPTION:**

The Department operates under the authority of New York State Social Services Law and Part 18 of the New York Code of Rules and Regulations (NYCRR). Functions are carried out under the supervision of several State Departments including the Office of Temporary and Disability Assistance, Office of Children and Family Services, and Department of Health. The Commissioner of Social Services is appointed by the County Legislature, subject to acceptance by the State, for a five-year term. The Department is comprised of three major divisions. The Income Maintenance Division administers the following programs based on eligibility and income guidelines: Temporary Assistance, which includes the partially federally funded program called Temporary Assistance to Needy Families (TANF) and the partially state funded program called Safety Net (SN), emergency programs, Food Stamps, Medicaid, Home Energy Assistance Program (HEAP), employment programs, and Child Care Block Grant (CCBG) programs. Additionally, the Income Maintenance Division includes the Child Support program. The Services Division includes Child Protective Services (CPS), Foster Care, Preventive, Adoption, Coordinated Children's Services Initiative (CCSI), Adult Protective, and Long Term Care services. The Administrative Division encompasses the following functions: Resource Recovery, Records Retention, Network Technology, Security, Legal, Fraud, Accounting, Staff Development, and Special projects including implementation of various TANF allocations as they are available.

**PERFORMANCE INDICATORS:**

**Cortland County Department of Social Services Performance Indicators**

**DEPARTMENT: VETERANS SERVICE AGENCY**

**DESCRIPTION:**

The Cortland County Veterans Service Agency is a State mandated agency designed to provide counseling to veterans of Cortland County and their family members as well as the family members of deceased veterans. The office provides assistance with claims preparation and processing, follow-up services, and formal appeals. Services include claims for Compensation, Pension, Education Benefits, VA Home Loan Guarantee Program, Health Services and Death Benefits. The office also assists veterans, or their family members, in obtaining New York State Property Tax Exemption, New York State Awards and Decorations, and High School Diploma's for World War II, Korea and Vietnam Era veterans. The department assists veterans in obtaining transportation to the Tompkins/Cortland County VA Clinic located at 1451 Dryden Road, Freeville NY and the Syracuse VA Hospital. The new Clinic serves veterans only and is open Monday through Friday 8:00 to 4:30. The Cortland Disabled American Veterans Club now has three DAV Vans that provide transportation of veterans to the Syracuse VA Hospital and the Tompkins/Cortland County VA Clinic Monday through Friday. A full time Director and Secretary staff the department. The department serves an estimated population of 3221 veterans and provides numerous other services.

**PERFORMANCE INDICATORS:**

**DEPARTMENT:       WEIGHTS & MEASURES**

**DESCRIPTION:**

Article 16, Section 180 of the New York State Agriculture and Markets Law states that there shall be a Director (Sealer) of Weights and Measures in each county. The director provides for regular, systematic inspections of all commercial weighing and measuring devices in use throughout the County and collects the required fees for testing and inspecting these devices. The Director also inspects consumer commodities for proper weights, labeling, and methods of sale. He inspects, tests and takes samples of any petroleum products and inspects any documents and records required to be maintained. It is his duty to enforce New York State Weights and Measures regulation 1NYCRR, Article 16 and Article 17, of the Agriculture and Markets Law. In addition, the Director handles consumer complaints and enforces any local consumer laws the County may mandate. The director also issues warnings, citations, and civil penalties or fines and collects them.

The department uses constantly upgraded scientific, mechanical and mathematical testing techniques. Laws, regulations and interpretations are also constantly changing. The department must constantly remain cognizant of these changes.

The Weights and Measures Department provides service to approximately 200 commercial businesses and industries, and approximately 125 dairy farms as well as the many schools, hospitals, nursing facilities, and municipal departments, in testing equipment and commodities purchased.

**DEPARTMENT: AREA AGENCY ON AGING**

**DESCRIPTION:**

The mission of the Cortland County Area Agency on Aging is to advocate, plan, develop and provide a coordination of programs and services on behalf of all aging citizens of Cortland County so that they may live with independence and dignity.

The Area Agency on Aging operates a number of programs designed to meet the needs of the older population throughout the county. Federal, state and local funds, grants and participant donations support the Area Agency on Aging. In addition the agency depends upon the financial support from individuals and organizations in the community. These funds are obtained either through direct donations or participation in agency sponsored fund raising activities.

**Aging Services Programs**

**Information and Assistance (CSE, CSI, Title IIIB)**

Staff provides services to clients in a wide arena: financial concerns, tax exemptions, consumer issues, Social Security, housing, etc. Some examples of services are IT214, STAR, real property tax exemption, food stamp applications, cable discount, farmers market coupons, and a worker exchange list. Advocacy for seniors is a major component of the I&A unit. Outreach activities are regularly scheduled through the county. Educational presentations to groups are ongoing. The Senior Advisor column, printed biweekly in the Cortland Standard responds to commonly asked questions. The Information and Assistance Directory contains a description of all programs available to seniors. A newsletter is published bi-monthly.

This funding also provides for administrative support.

**Evidenced Based Wellness Programs (Title IIID)**

Guidelines changed in 2012 to fund evidenced based programming that promotes healthy living for seniors.

**Caregivers Support Program (Title IIIE) Caregivers Resource Center (CRC)**

Provides information and assistance, support groups, counseling, PERS Systems, educational workshops, resource library, quarterly newsletter and respite services to families and individuals caring for an elderly loved one. The center provides one stop service to families and individuals as they care for their frail elderly loved ones in the community.

**Senior Community Services Employment Program (Title V)**

Part time job training opportunities may be available for low-income persons age 55 and over. Cortland County has an allocation of four slots and the program is provided through a contract with the Cortland County Office of Employment and Training.

### **Long Term Care Ombudsman (Title VII), State Long Term Care Ombudsman Program (LTCOP)**

Trained volunteers and staff work closely with residents, families, administrators and staff to resolve problems and concerns at long-term health facilities. The program operates to improve the quality of life of residents of these facilities.

### **Community Services for the Elderly (CSE)**

This program provides services to the homebound elderly in addition to the meals. It involves assessments, information and assistance and case management.

The legal services for the elderly are provided under this funding. A subcontract with a local attorney provides legal advice and representation in court when necessary. Tenant/landlord matters, social security, power of attorney, bankruptcy and consumer issues are areas in which the attorney can assist. Some members of the County Bar Association have agreed to prepare wills for a reduced fee and referrals are made on a rotating basis.

The Handyman program provides for minor home repairs and modification to enable seniors to live with safety and independence in their own homes.

Make a Ramp Program assists individuals who have mobility problems. Modular aluminum ramps are purchased and owned by the Area Agency on Aging and are installed for short term or long term use. When the ramp is no longer needed it is taken down, reconfigured and installed for use of another individual.

### **Expanded In Home Services for the Elderly (EISEP)**

The program provides in home, non medical services to individuals who need help to remain at home. Services can include case management, personal care, housekeeping, shopping assistance, PERS System and minor home modifications. Participants do not receive Medicaid due to excess income and/or resources. Depending on their income they may be required to share the cost of services.

### **Cortland County NY Connects: Choices for Long Term Care (POE)**

Cortland County NY Connects: Choices for Long Term Care provides a consumer centered entry point for long term care services. NY Connects will be accessible to all individuals who may need assistance with their long term needs regardless of age or payment source.

### **Health Insurance Information, Counseling and Assistance Program (HIICAP- Title III B)**

Provides counseling and assistance for individuals and caregivers in health related matters. Assistance and education is provided for insurance options, prescription assistance programs, billing issues, appeals, filing complaints, programs to lower health care costs, Medicare and Medicaid fraud and abuse. Public presentations are a component of this program.

### **Home Energy Assistance Program (HEAP)**

Under contract with the department of Social Services, this program provides energy assistance to low income seniors.

### **Transportation**

This program is intended to meet the transportation needs of seniors. Through bus tokens and the Workers Exchange List, transportation can be provided to senior centers, shopping, medical appointments, etc.

### **Nutrition Program**

#### **Congregate meals (Title III C1)**

Meals are provided at eight senior centers. A variety of programs and activities are offered at each of the centers, including educational programs, craft programs, painting, exercise and wellness programs and nutritionally balanced meals.

#### **Meals on Wheels (Title III C2)**

A hot noon meal is delivered to homebound senior citizens; cold supper meals, and/or frozen meals are available to those individuals upon request and need.

#### **Senior Nutrition Assistance Program (SNAP)**

This program provides outreach services and Meals on Wheels to the rural areas of the county and also funds the senior center in Harford.

#### **Nutrition Program Contracts**

The Nutrition Program provides home delivered meals on a fee for service basis to the Cortland Regional Medical Center Long Term Home Health Care Program. Meals are also available to those in need who are under the age of 60; this also is a fee for service program. The program also contracts with the Horizon House to provide congregate style meals.

#### **Food Pantries- (HPNAP, FEMA)**

Pantries are located in Cortland, Willet and Truxton. A three-day supply of food is available to those in need regardless of age. Limited funding received from the HPNAP and FEMA. The pantries rely heavily on cash and food donations.

#### **Retired and Senior Volunteer Program (RSVP)**

This program provides volunteers to non-profit agencies and organizations in the County, while providing meaningful work for the volunteer. It is funded through the Corporation for National Service and NYSOFA. The expertise and talents of persons aged 55 and over are channeled into meaningful volunteer assignments within community agencies. Currently over 790 volunteers provide service to some 60 different agencies throughout the county.

## PERFORMANCE INDICATORS

The Cortland County Area Agency on Aging is designated by the New York State Office for Aging under the Older Americans Act of 1965, as amended. With this authority, the Area Agency on Aging serves as a funding, planning and systems development agency for services and programs for older persons in Cortland County. The Area Agency on Aging provides community based programs and services with the goal of helping older persons living in the community with independence and dignity. The programs and services available through the AAA are made possible by contributions from program participants, the Cortland County Legislature, the New York State Office for the Aging, the Administration on Aging and the US Department of Agriculture.

**DEPARTMENT: PLANNING**

**DESCRIPTION:**

The County Planning Department was established by the adoption of Resolution No. 89 of the Cortland County Legislature for the year 1975 and Local Law No. 3 for the year 1975. Local Law #3 of 1975 established three general areas of responsibility for the Department. These areas included: technical assistance and liaison to Legislative Committees, Boards, Councils, Districts, Agencies, and other groups as directed by the Legislature; technical assistance to local municipalities; and staff assistance to the Cortland County Planning Board.

The Department is the repository for and provides analysis of Census data for Cortland County and its municipalities. This responsibility includes review and correction of the US Census Bureau's address database for the County to insure that the Census Bureau obtains an accurate population count for Cortland County. The Department also acts as staff to the Cortland County Agricultural and Farmland Protection Board including review of and recommendations on re-certification of Agricultural Districts. The Planning Department assists municipalities in the County to achieve their short and long term development goals through the drafting and adoption of a municipal comprehensive plan and the establishment of land use regulations such as zoning and subdivision requirements. Technical assistance is also provided on a variety of other issues including training programs for municipal boards and officials and interpretation and analysis of Federal and State programs such as the National Flood Insurance Rate Program and the State Environmental Quality Review (SEQR).

The Department has a close working relationship with the County BDC/IDA (Business Development Corporation/Industrial Development Agency) assisting businesses and industries in site location and analysis based on specific parameters and interpretation of and assistance with local, State, and Federal regulations.

The County Geographic Information System (GIS) is operated primarily through the Planning Department providing digital data and technical assistance to County Departments and municipalities. The Planning Department also maintains data layers for other County Departments including the Highway Department and Sheriff's Department (E911).

Since 1982, the Planning Department has been responsible for assigning all street addresses in the County outside of the City of Cortland and the Villages of Homer, Marathon, and McGraw. Village of McGraw addressing was added to the Planning Department's responsibilities in 2007. The Planning Department works closely with E-911, the Towns, the County Election's Office, etc. to correct any problem areas and to insure that all businesses/residences are easily located in the event of an emergency.

The Planning Department's responsibilities also include oversight of the public transportation (bus) system within the County. The Planning Department acts as liaison between the County and the provider of the service (First Transit, Inc.), administers the grant for such services, and works with the provider to study possible changes/expansion of existing services.

The Planning Department also administers the County snowmobile grant and the farmland protection/purchase of development rights grants. The snowmobile grant provides funding for trail development and maintenance within the County. The farmland protection grants provide funding to obtain conservation easements on prime agricultural lands which are under non-agricultural development pressure to insure that they remain forever farmland. The Planning Department also assists in the annual monitoring of awarded conservation easements to insure that the terms of the easement are being followed.

**DEPARTMENT: HIGHWAY DEPARTMENT**

**DESCRIPTION:**

**Administrative Division:** Oversees budgets, accounts payable and receivables, payroll, accruals, general public communications, park reservations, permits, personnel files and issues, contracts.

**Highway Maintenance Division:** Responsible for road and bridge maintenance activities as well as some phases of capital construction projects. Some typical activities are snow plowing, ditching, surface treating, paving, tree cutting, culvert replacement, bridge construction, guide rail installation, road signs and road striping. Does work for other departments and municipalities.

**Fleet Maintenance Division:** The County has 155 pieces of heavy equipment and 65 cars in the fleet. This division does general maintenance and repairs as well as major overhauls and fabrication. The division also operates and maintains the county fuel system.

**Highway Engineering Division:** Responsible for surveying and design of road and bridge projects. Does highway system monitoring, data collection and analysis. Provides technical support for maintenance and capital projects. Oversees major contracts involving local, state and federal funding. Does required mapping and preliminary plans and cost estimates, programming, permits and plans required by law, such as bridge and culvert plans, environmental permits, gravel mining permits, spill prevention control and counter measures. Negotiates right-of-ways. Inspects and compiles data, monitors conditions of county infrastructure such as culverts, bridges, traffic counts, accidents.

**Solid Waste Division:** The landfill operation is located on Town Line Rd. in Solon. The property totals 540 acres of land, comprised of closed landfill sites, currently active site and future use sites. Roughly 22,000 tons of refuse is deposited annually. Construction of cells IIA & IIB were completed in 2010 and permitted by NYSDEC to be operational. White goods, tires and scrap metal are received and normally recycled at the landfill. Landfill personnel staff the landfill. The recycling operation is located on Pendleton Street in the City of Cortland. This facility was totally destroyed by fire in the fall of 2002. A new facility was opened at the previous site in May of 2005. The facility is responsible for receiving, sorting and shipping of cardboard, plastic, paper and metals. Recycling and J.M. Murray personnel staff the recycling operation.

**DEPARTMENT:     AIRPORT**

**DESCRIPTION:**

Cortland County Airport (Chase Field) has a 3400-ft. long runway and taxiway. There are three (3) main hangars and thirty-five (35) T-hangars that are rented as well as thirty (30) tie down spaces. The highway operates the airport utilizing highway administration staff, 1 airport maintenance worker, airport and highway dept. equipment (loader for snow removal). Work includes repairs to buildings, navigational aids, AWOS and other related equipment as well as mowing grass and plowing snow.

**DEPARTMENT: DWYER PARK**

**DESCRIPTION:**

This division is set up to operate the County Park on Little York Lake. Activities include maintaining buildings and grounds during the summer, operate wade pool for children, and provide oversight for pavilion rental. Many activities are held at the Park through the summer. The highway department provides personnel and equipment.

**PERFORMANCE INDICATORS:**

CRT Continues to use the 2<sup>nd</sup> floor of the Main pavilion for Theatre Events.  
CRT Schedules the use of the first floor of the main pavilion.

**Use of facilities at the park by groups reserving the main pavilion or shelters from May through September:**
